

NEW RETURN TO WORK IN LOCAL YARDS

Despite Strike Vote of Yester-
day, Boilermaker Crafts Ap-
pear on Job This Morning in
the Various Ship Plants

Telegram from International
Believed to Have Had Big
Effect on Men; Moore Yard
to Resume Again Tomorrow

Eastbay shipyards are working at
practically 80 per cent of normal to-
day in spite of the vote taken yes-
terday by the Oakland boilermakers
sustaining the strike since Febru-
ary 6 of four of their helper crafts
and the reaffirming of their intent
to walk out upon instructions of the
Pacific Coast District Council of
Boilermakers and Iron Shipbuilders
now in session at Portland. The
majority of the boilermakers re-
ported for work this morning.

At the Alameda plant of the Beth-
lehem Shipbuilding Corporation the
entire working force, with the ex-
ception of about 500 helper boys and
the like, are on the job today. The
management reports, in fact, that
working conditions are more gen-
erally satisfactory than at any time
since the boilermakers' helpers went
on strike. The attempt of an alleged
agitator to foment discord among
the men prior to the morning shift
was frustrated by a detail of Oak-
land police. He was ejected from
the property, but was not arrested.
MEN ACCEPT INVITATION
OF HANLON MANAGEMENT
The more plant to go to work, fol-
lowed by the management of the Han-
lon yard is said to have been ac-
cepted by approximately three-fourths
of the employees. Later the men at
the Hanlon yard were forced to quit
because of a lack of plate hangers at
the Union Construction yard ap-
proximately 60 per cent of the men
are working. W. W. Johnson, presi-
dent of the Union Construction
company, stated that he expected the
plant will tomorrow be running with
practically a complete crew of
workers.

Between 4000 and 5000 men re-
ported for work at the plant of the
Moore Shipbuilding and Repair com-
pany this morning, but were turned
back at the gates owing to a lack
of steam for motive power and of
plate hangers and crane slingers.
The men are absolutely essential to
the building of ships and if their places
cannot be filled they will be forced
to close the yard indefinitely. The
disfranchisement of this handful of men
is holding up work at the yard and
leaving about 5000 other em-
ployees of work and wages.

"I told the men we would resume
operations tomorrow morning pro-
vided the necessary boilermakers'
helpers reported for work. Subse-
quently I had personal talks with a
number of the employees and was
assured that the necessary helpers
would be on the job in the morning.
Certain of the men volunteered to
go to work and to Frank and secure
plate hangers and crane slingers
from the ranks of the San Francisco
Boilermakers' Union, so we have
strong hopes of resuming operations
tomorrow."

J. R. Christy, manager of the Alame-
da plant of the Bethlehem Ship-
building Corporation, believes the
return to work of the local boiler-
makers is the direct result of a tele-
gram from London received by the
president of the International
Brotherhood of Boilermakers and
Iron Shipbuilders, promising the
protection of the international to all
members of the local union who re-
turn to work.

STRIKE AT AN END,
SAYS PLANT MANAGER
"The effect of the Weyand tele-
gram," said Christy, "is to end the
strike in the Pacific Coast. Practi-
cally every department is today working
at least 80 per cent of normal and
we anticipate further additions to
our ranks of workers tomorrow
morning. Before the close of the
plant will be in all probability
be working with a complete corps of
employees."

The telegram referred to by
Christy was received yesterday by
M. J. McGuire, business agent of the
San Francisco Boilermakers'
Union, and special representative of
the international on strike matters
on the Pacific Coast. It reads as
follows:

"The proper arrangements to
protect every member of 233 who
will carry out our orders to return
to work and be governed by Macy
award. Officers of 233 will have a
secret ballot on the question of a
return to work of the striking helper
crafts and to secure endorsement of
the international in its stand against
a strike which may possibly be or-
dered by the Pacific Coast District
Council of Boilermakers and Iron
Shipbuilders."

AGREEMENT TO CALL
SECRET BALLOT FALLS
McGuire, at the special meeting of
the Oakland Boilermakers' Union
held yesterday afternoon in the mu-
nicipal auditorium, attempted to en-
force the international's position of
a return to work of the striking helper
crafts and to secure endorsement of
the international in its stand against
a strike which may possibly be or-
dered by the Pacific Coast District
Council of Boilermakers and Iron
Shipbuilders.

Representatives of contract shops
at Spokane, Portland, Tacoma, Se-
attle, Aberdeen and other points,
who have been meeting here to con-
sider their action, announced last
night they would adhere strictly to
the Macy award of pay. Prior to
this many men in these shops had
received wages above the Macy
scale.

TACOMA, Feb. 17.—President C.
W. Wiley of the Todd Drydock and
Construction Corporation has said
that the Todd steel plant here would
open Wednesday if the yards in Se-
attle resumed then. Both union and
non-union men would be employed
at the gates, he said, but the yard
would not be run on the "open shop"
basis.

SIR WILFRED LAURIER,
premier of Canada 1896-1911.

FORMER PREMIER OF CANADA IS CALLED BY DEATH

BY ASSOCIATED PRESS.
LEASER WIRE TO TRIBUNE.

OTTAWA, Feb. 17.—Sir Wilfred
Laurier, former premier of Canada,
died at his home here this afternoon.
He was 84 years of age.

Sir Wilfred Laurier, the first
French Canadian to be premier of
Canada, served in that capacity from
1896 to 1911. He entered parlia-
ment in 1871 and was re-elected in
1874, and was minister of inland
revenue in the Mackenzie ministry.
He was named leader of the Liberal
party in 1891.

Between 4000 and 5000 men re-
ported for work at the plant of the
Moore Shipbuilding and Repair com-
pany this morning, but were turned
back at the gates owing to a lack
of steam for motive power and of
plate hangers and crane slingers.
The men are absolutely essential to
the building of ships and if their places
cannot be filled they will be forced
to close the yard indefinitely. The
disfranchisement of this handful of men
is holding up work at the yard and
leaving about 5000 other em-
ployees of work and wages.

"I told the men we would resume
operations tomorrow morning pro-
vided the necessary boilermakers'
helpers reported for work. Subse-
quently I had personal talks with a
number of the employees and was
assured that the necessary helpers
would be on the job in the morning.
Certain of the men volunteered to
go to work and to Frank and secure
plate hangers and crane slingers
from the ranks of the San Francisco
Boilermakers' Union, so we have
strong hopes of resuming operations
tomorrow."

J. R. Christy, manager of the Alame-
da plant of the Bethlehem Ship-
building Corporation, believes the
return to work of the local boiler-
makers is the direct result of a tele-
gram from London received by the
president of the International
Brotherhood of Boilermakers and
Iron Shipbuilders, promising the
protection of the international to all
members of the local union who re-
turn to work.

STRIKE AT AN END,
SAYS PLANT MANAGER
"The effect of the Weyand tele-
gram," said Christy, "is to end the
strike in the Pacific Coast. Practi-
cally every department is today working
at least 80 per cent of normal and

The telegram referred to by
Christy was received yesterday by
M. J. McGuire, business agent of the
San Francisco Boilermakers'
Union, and special representative of
the international on strike matters
on the Pacific Coast. It reads as
follows:

I'M PROUD I KILLED HIM, STATES GIRL

Miss Anna Barbe Declares
She Shot Down Ralph
Page When He Followed
Her Into Her Room

Fired in Defense of Her
Honor, She Tells Police;
Brother Is Also Held, Pend-
ing, Further Investigation

"I shot him. I thank God for it
and I am proud of it."
This is the statement of Anna
Barbe, 22 years old, candy salesgirl,
who is to face the charge of killing
Ralph E. Page, a boilermaker, early
yesterday morning at her brother's
apartment, 210 East Fifteenth
street.

The girl's brother, Frank Barbe,
was arrested with her. The police
at first held that the probability was
that he shot the man whom the girl
says had annoyed her and followed
her to her room—now the police
hold that the girl's story that she
shot him to blame is probably true.
The autopsy bears out her account
of the shooting, that she stepped
away from the man and shot him
with her brother's pistol.

PAGE WARNED
TO STAY AWAY
The police warned the man two
months ago, said Inspector of Police
William Kyle, "that he was flirting
with death if he fooled with this girl.
He had been arrested on her brother's
complaint for annoying her."

As a matter of fact when Page
followed the girl home Sunday morn-
ing he practically committed suicide.
Her brother had told him that he had
warned Page away from her home;
that Page had struck him in an eye
and that she had told him to defend her
honor. She denies that her brother
knew of the dead man's presence
until after the shooting. She says
that for weeks Page had been in-
sulting her with his attentions until
his brother had appealed to the po-
lice for protection, when Page was
arrested, two months ago, and re-
leased after he had promised the po-
lice to stay away from the place.

PAGE FORCED
WAY INTO ROOM
"Late Saturday night I left the
candy store where I worked to go
home," she told Kyle and Inspector
Richard McSorley. "And around the
corner was Page. He insisted on
coming home with me. To avoid
a scene I walked with him. When I
entered the apartment he stuck his
foot in the door and forced himself
in, and came into my room. He
proud after this, for I am going to
stay here all night, he told me. I
knew my brother's revolver was un-
der the bed, so I reached for it. He
stepped away from him as he said
on my bed, and fired. I fired just as
he turned out the light, and then
ran. I did not know whether he
was dead or not."

There were no evidences of a struggle in the room, and
that his first hypothesis was that the
brother had fired the shot from the
door.
On January 19 Page was arrested
for attempting to force his attentions
on Miss Barbe, but was released at
that time.
Page came here from Sunnyside,
and according to Barbe, once
her that his father was Hugh
De Lacey, candidate for sheriff of
Santa Clara county. The police are
tracing the dead man's antecedents.

U. S. Official and
Local Carmen Meet
Raymond Swing and W. H. Kelly,
special representatives for the
Labor Board, met in the supervis-
ors' chambers today for the purpose
of conducting a hearing into the
wage and working hour proposition
put forward by the local street carmen's
union and the officials of the Key
System.

The men are asking \$5 a day for
an eight-hour work day, retroactive
from November 1, 1918, when the
new scale was presented. The car-
men will place several witnesses on
the stand to testify as to housing
conditions, cost of living, etc.

Ask European Labor
To Oppose Contracts
NEW YORK, Feb. 17.—The ex-
ecutive council of the building trades
department of the American Fed-
eration of Labor today cabled to
Samuel Gompers in France, asking
him to request European labor lead-
ers to oppose contracts sought in
France and Belgium by the Build-
ing Trades Employers' Association of
this city.

Mob Tries to Stop
Trams in Belfast
LONDON, Feb. 17.—Partial tram
service was resumed today at Bel-
fast, but attempts to interrupt it
were made by a mob, following a
mass meeting of strikers. The mob
finally was dispersed by the police,
but the tram service was stopped at
dusk.

Germany's Foreign
Minister Resigns
BASEL, Feb. 17.—Count von
Brockdorff-Rantzau, the German
foreign minister, has resigned, ac-
cording to a Velmair dispatch to the
Vossische Zeitung of Berlin. There is
no confirmation from other sources.

\$750,000,000 More For Railroads Gets Approval in House

(By Associated Press)

WASHINGTON, Feb. 17.—All plans for considering rail-
road legislation at this session
of Congress were abandoned
today by the House interstate
commerce committee.

An appropriation of \$750,-
000,000 for the operation of
railroads under government
control was approved today
by the House appropriations
committee. Former Director-
General McAdoo asked for
that amount to be added to the
\$500,000,000 revolving fund
provided for in the original
railroad control act.

REALTOR'S HOUSE IS RAIDED BY MILITARY POLICE

In a raid by the military police,
headed by Lieutenant Herbert E.
Cole, provost marshal of San Fran-
cisco district of the Western army
department, on a house at 616 Sixth
street, at 11 o'clock last night, Henry
L. McElroy, of a local real estate
firm, was taken into custody with
Leland W. Polson, a technical
charge of supplying liquor to uni-
formed men in the armed service
of the United States.

Three women and four sailors
were in the house when the raid
was made. The women were per-
mitted to go and their names are
being withheld by Lieutenant Cole.
The house, which is owned by Mc-
Elroy, has been the subject of an in-
vestigation by operatives working
under the direction of the provost
marshal, Lieutenant Cole, for some
time.

McElroy and Polson will be ar-
rested before the United States Com-
missioner Francis Krull this after-
noon following the issuance of com-
plaints made by Lieutenant Cole
on the order of Special War Attorney
James E. Coulton.

HINDENBURG ASKS ALL GERMANS TO FIGHT RED FOES

BERLIN, Feb. 17.—Field Marshal
von Hindenburg today issued from
his headquarters at Colberg an ap-
peal for volunteers. The document,
given to the German press for gen-
eral distribution, declares the "gen-
eral loss of willingness to work for
patriotism," and urges the peo-
ple to work energetically to preserve
the native soil against the new
enemy, Bolshevism.

"You my bold comrades and com-
rades of Tannenberg and the Masu-
rian Lakes," the appeal concludes,
"hurry to my aid. My appeal to
Germany's sons must not remain un-
answered."

Regardless of tribe, whether Bar-
barians, Saxons, Swabians or Prus-
sians, regardless of party, we are all
Germans. Forget what divides us.
Gather again in love of home and
discipline and in confidence in our
leaders."

Balloon Lands Near
Lake, Then Proceeds
ST. JOSEPH, Mo., Feb. 17.—A
balloon, supposed to be from Port
Omaha, Neb., landed on the shore
west of here, early today. Half an
hour later it arose and proceeded in
a southerly direction. Only one man
was seen in the basket.

Bucharest Uprising
Denied by Rumania
PARIS, Feb. 17.—Reports of a
revolution at Bucharest are denied
by the Rumanian press bureau here.

row's TRIBUNE.

FATHER, SON LINED UP BY BURGLAR, SHOT

Lad Objects to Losing Watch
Given by Grandmother and
Sire Joins in Desperate
Struggle With Housebreaker

Victims Finally Overcome and
Stood Against Wall; Each
Shot Twice; Father Dying;
Boy Has Chance for Life

SAN FRANCISCO, Feb. 17.—Lined up against the wall and shot
by a lone burglar who had over-
powered them in a terrific struggle
in their apartments this morning, a
father and son are lying at the Cen-
tral Emergency hospital. The burg-
lar had shot each twice. He then
escaped through the window to the
ground two stories below.

Albert Fischerkeller, 45, a cabinet-
maker, is the father, and Albert, 17,
a hitherto quiet boy, the son. They were
sleeping at 654 Shotwell street when
surprised by the burglar about 4
o'clock this morning. The father
was in one room and the son in
another. The burglar entered the
son's room.

The father of the burglar's search-
light on the bureau where some pen-
nies, a silver dollar and a watch lay
attracted the attention of young
Albert. Awakening, his movements
startled the burglar, who turned his
flashlight upon him, at the same
time demanding more money. This
awakened the father, who entered
the room and participated in the con-
flict.

PEARDS WITH BUTCHER
NOT TO TAKE WATCH
"Is that all the money you have?"
demanded the burglar.

Both father and son replied that
it was. The burglar answered them
with an oath and ordered them both
to throw up their hands. As he in-
dicated he kept ransacking the draw-
ers and closets and finally took the
watch from the dresser.

"Don't touch that watch," pleaded
Albert. "It's a keepsake from my
grandmother. I would be glad to
let you have more money if I had
any more here, but it would break
my heart to lose that. It isn't worth
a great deal anyhow."

The burglar replied with more
oaths and announced that he was
going to have the watch. In the ter-
rific struggle that lasted for several
minutes the furniture of the room
was wrecked.

The father, who was of powerful
build, finally wrenched his hand
loose and ordered the two to stand
against the wall.

FATHER AND SON
LINED UP AND SHOT
"Now, you and you," he snarled.
"I'll teach you to watch a burglar
next time one calls. And when I
get through you can tell it to the
police."

With that he fired twice at the
father and then turned on the son.
Leaving them both for dying, he
hurried out of the window.

The elder Fischerkeller was
wounded in the stomach and back.
His son was wounded in the back
and shoulder.

The struggle awakened Dennis
Norgies, who occupied the apart-
ment below. In escaping the burglar
lost a plaid cap behind. This
and a description given to Detective
Gallagher and the district attorney
are expected to lead to his capture.
There seems no hope for the re-
covery of the father. There is said
to be a slight chance for the son.

The burglar is described as 22
years old, of medium height and
build and with curly hair. The
son would each received in the
back indicated that each ap-
parently turned after the first shot
was fired.

Germany Signs New Armistice Terms; France Abides by World Constitution

INTERVENTION IN RUSSIA IS AGAIN URGED

French Ask for Military Action
Against Bolsheviks on Large
Scale; British Ready for
State of War If Necessary

President Wilson on Way
Home Displays Deep Inter-
est on League of Nations
Comment; Will Tell Plans

BY ASSOCIATED PRESS.
LEASER WIRE TO TRIBUNE.

PARIS, Feb. 17.—Renewed pres-
sure was being exerted on the
Supreme War Council today for an
immediate intervention in Russia. It
was learned from authoritative
sources.

The French were said to have
urged again that military action be
taken against the Bolsheviks on a
large scale, while the British
Churchill's proposal, which has not
been made public, was understood
today to contemplate a proclamation
of a state of war if necessary.

The American position in opposi-
tion to a military policy remains un-
changed.

WILL TELL PEOPLE
ALL LEAGUE PLANS
ABOARD THE U. S. S. GEORGE

WASHINGTON, Feb. 17.—President
Wilson displayed the deepest inter-
est today in American comment on
the league of nations, received by
wireless. He devoted considerable
time to studying the varying degrees
of approval and disapproval, es-
pecially that emanating from Wash-
ington.

The American people will be
made acquainted by the President
with all matter in connection with
the league of nations, he stated on high-
est authority. He is prepared to
clear up all doubt regarding applica-
tion of the league's principles to
the Monroe doctrine.

The President attended the ship's
movies Saturday night and spent
Sunday in the seclusion of his cabin
until church time, when he attended
services. The George Washington
was making good time. A heavy
rain was falling, but the sea was
comparatively smooth.

BUSY DAYS AHEAD
FOR PRESIDENT WILSON

WASHINGTON, Feb. 17.—Presi-
dent Wilson's stay in Washington
probably will be the busiest by his
busy career and administration lead-
ers are wondering how it is going
to be possible for him to accomplish
all that is laid out for him to do.

First of course, will be the task
of settling Congress and the public
right on the great matter of the
league of nations. He is expected to
arrive here on Wednesday, the 28th,
and will talk the whole covenant
over that night at dinner with the
members of the Senate foreign re-
lations committee and the House
foreign affairs committee.

Earlier in the day he is pledged
to march with a body of returned
detriment troops as part of a celebra-
tion of welcome for both the Presi-
dent and the troops.

The great revenue bill is waiting
for his signature and he is expected
to give some time to that as well
as to other measures of smaller im-
portance, and he has made it a cus-
tom to read every bill before
appending his signature.

Then there are vacancies to be
filled, chief of which is that of at-
torney-general. It is expected W. T.
Gregory, who has resigned, to take
effect March 4.

French to Demand Right to Maintain Largest of Armies

PARIS, Feb. 17.—France
will support the league of na-
tions covenant as a whole, it
was learned today from an au-
thoritative source. While her
delegates on the special com-
mittee suggested several fea-
tures which were not included
in the final draft, her enthusi-
astic support of the idea is not
affected thereby.

French opinion holds that
article eight, concerning the
fleets, may serve the purposes
of Great Britain and America
and enable them to dispense
with maintaining big standing
armies. But French officials
firmly believe and will de-
mand that France shall main-
tain the biggest army of any
of the nations participating in
the covenant. They believe
that the open frontier compels
France to stand prepared for
any sudden aggression.

U. S. SENDS NEW
UNITS TO HELP
LEAVE RUSSIA

BY ASSOCIATED PRESS.
LEASER WIRE TO TRIBUNE.

WASHINGTON, Feb. 17.—Steps
toward strengthening the position of
American and allied troops in north-
ern Russia as a preliminary to their
safe withdrawal in the near future
are under way at the direction of the
Supreme War Council.

Secretary Baker, transmitting this
information from President Wilson
to the House military committee to-
day, said that all the American sol-
diers should be out of Russia this
spring.

To facilitate the withdrawal addi-
tional forces are being dispatched
to the scene. Great Britain is send-
ing 2400 troops and the United
States two railroad engineering units,
numbering about 500.

Voting Machines
Are Decided Legal

WASHINGTON, Feb. 17.—Young
machines are legal. The House
rules committee so decided today in
announcing a decision in the contest
of the re-election to congress of
Thomas B. Dunn of Rochester, N. Y.,
by Jacob K. Gerwin of Rochester.
Dunn's opponent, Gerwin, con-
tended that the use of voting ma-
chines was a violation of the con-
stitutional provision for secret bal-
loting. The House rules committee
sustained the legality of voting ma-
chines, and the committee's report
was adopted by the House today.

Holt Company Is
Sued for \$10,000,000

SPRINGFIELD, Ill., Feb. 17.—
Charge of infringement of invention,
Charles Parody of Belleville today
filed a suit in the Federal Court here
for \$10,000,000 against the Holt
Company, a corporation of Peoria.
Manufacturers Company of Peoria,
the caterpillar tractor, manufactured
by the Holt company and made fa-
mous in the world through their
conversion into "tanks."

In addition, 6,000,000,000 marks
in treasury bonds was issued, and
there were credits of 3,500,000,000
marks to allies of Germany, making
a total of nearly 10,000,000,000.
Credits made available by loans
totalled 93,000,000,000 marks and
the government has issued totalled
58,000,000,000 marks.

EXPENDITURES LEAP
DURING THE WAR
The daily expenditure during the
war, Dr. Schiffer added, ranged from
10,000,000 marks in 1914 to 15,000,000,
000 in 1918. The minister explained
that there had been a steady decrease
in expenditures since the signing of
the armistice.

The minister condemned it as waste
throughout the war and charac-
terized the war finances as a "pro-
gram of desperation." He said that
the soldiers' and workmen's councils
since the war had at times been ac-
cused unjustly, but unfortunately too
many councils were not of advantage
to the government financially.

He said that the government would
need 10,000,000,000 marks during
the current payments alone. He
said the government expected to
raise 3,000,000,000 marks from the
sale of army stores. This sum might
have been greater if the stores had
not been pillaged by the troops. No
one was in a position to say whether
Germany would be able to extricate
herself from the present financial
situation, the finance minister said,
but it would depend in part on the
kind of peace the allies eventually
dictated upon. Germany must be
patient and wait.

The minister admitted that Ger-
many needs social regeneration and
declared his intention to punish
fraud against the government more
severely than against individuals. He
pleaded for a new conception of
property which should eliminate the
individual or put him in the back-
ground, making the state the owner
of property, he merely administering his
property for the state.

War expenditures, the minister
added, had been covered by loans of
which only the interest was covered
by taxation. There was no question,
Dr. Schiffer said, of annulling the
war loans or of seizing savings or
cash in banks, but the government
would have to levy taxes in keeping
with the economic situation.

FOCH WARNS TEUTONS TO ACT QUICKLY

Germany to Ask for 25,300,-
000,000 Mark Loan, the
Largest Its People Have
Yet Been Asked to Raise

Hindenburg's War Program
Scored for "Deplorable"
Waste of Money; Finance
Minister Says Situation Bad

TREVES, Feb. 17.—The new ar-
mistice was signed at 6:30 o'clock
last night in the salon of Marshal
Foch's private car.

BY ASSOCIATED PRESS.
LEASER WIRE TO TRIBUNE.

COPENHAGEN, Feb. 17.—The
German government Sunday night
accepted the allied terms for the
extension of the armistice, according
to a despatch to the Politiken from
Weimar.

The meeting at which the accept-
ance was decided upon, the Politiken
correspondent says, was at-
tended by leaders of the various
parties.

Marshal Foch had informed the
German armistice commission that
the armistice would expire at 5
o'clock Monday morning and that
the last hour for signing would be
at 6 o'clock. He declared that he
declared if the armistice was not
signed that he would leave Treves
and it would no longer be in force.

GERMANS ASKED
FOR NEW LOAN
WEIMAR, Feb. 17.—(Associated
Press).—The German people gen-
erally understand clearly the
financial situation in which the war
has left them and they are too
optimistic, declared Dr. Schiffer,
the minister of finance, in an address to
the German national assembly today.

He apparently anticipated the
house when he gave the statistics to
show that the war had cost 161,000,-
000,000 marks

FRENCH NEED ALLIED HELP FINANCIALLY

PARIS, Feb. 17.—The financial situation of France is being given serious attention by various committees and groups of the chamber of deputies, where it will be the subject of an interpellation at an early date.

France's war expenses are expected to reach a total of 132,000,000,000 francs, with resources to meet it of 155,000,000,000 francs, showing a deficit of 24,000,000,000 francs. These resources comprise 18,000,000,000 francs from taxation; 54,000,000,000 francs from four war loans; 20,000,000,000 francs advanced by the Bank of France, the product of short time treasury bonds, together with advances made by the allies and credits opened in foreign countries. The deficit there are exceptional expenses, such as compensation to civilians for war damage, which is placed in moderate estimates at 19,000,000,000 francs; the cost of exchanging the German mark currency of Alsace-Lorraine, 2,500,000,000 francs; the repayment of bonds issued in liberated regions, 1,500,000,000 francs; demobilization bonuses estimated at between 600,000 and 5,000,000,000 francs, together with other exceptional expenses, which will bring the estimated total to 26,000,000,000 francs and make the total deficit 50,000,000,000 francs.

It is reckoned that the expenses for 1920 will be 15,000,000,000 francs, of which the existing budget can supply only 5,000,000,000 francs. The question is therefore being discussed in French quarters whether, apart from Germany's war contribution, a new division of war expenses ought not to be considered between the allies in order to distribute more equitably the burden which it is contended weighs more heavily on France than on the others.

Vander Naillen Not to Be Candidate

E. L. Vander Naillen said today that he is not a candidate for city commissioner at the coming election, although a rumor to that effect had been published. He says he has been called up frequently on the telephone by inquiring friends, and desires them to know that he has no such political aspirations.

NEW SCHOOL BOARDED MEMBER

SAN FRANCISCO, Feb. 17.—Mayor Rolph today announced Miss Alice Rose Power, principal of the Washington Irving school, as the new member of the Board of Education to succeed Miss Arnes Regan, resigned.

"There's a Reason"

Until the evolution of Punktals curved lenses were ground with a standard or common curve on one side, different powers being obtained by grinding the curvatures required on the opposite side of the lens. Scientists discovered that to give truly normal vision through all portions of the lens it was necessary to grind separate curves on both sides for each power. The result is found in the new

Punktals cost but little more than torics.

With Punktals you look better and see better.

Punktals represent the pinnacle of production of optical genius. They are ground with a deeper curvature than torics, giving a better-looking lens and one that affords clear and accurate vision to the very margin.

FRENCH LOSSES 45 WARSHIPS DURING WAR

PARIS, Feb. 17.—A full list of French naval losses in the war includes four battleships, the Bouvet, Suffren, Gaulois and Danton; four armored cruisers, the Leon Gambetta, Admiral Charner, Cleber and Dupet Thours, and one fast cruiser, the Chateau Renail. Fourteen destroyers, eight torpedo boats and fourteen submarines were lost.

The loss in tonnage was 110,000 tons, against 550,000 tons for England, 76,000 tons for Italy and 17,500 tons for the United States.

MINES PARTIALLY WORKED AT BUTTE

BUTTE, Feb. 17.—"The dinner bucket parade" of miners, which procession halted here on February 17, when members of the Butte Metal Mine Workers' Industrial Union No. 800 (I. W. W.) struck in protest against a cut in wages of \$1 a day, resumed its march between the mines and Butte homes today. The "parade" was not very large, but was more noticeable than any day since the strike occurred. By tomorrow, according to officials of the mining companies, most of the mines working at the time the strike was declared, will have sufficient forces at work to hold considerable ore to the surface. The strike has not yet officially been declared ended, but there is a noticeable defection in the ranks of the miners who quit work and it was freely predicted by both operators and miners that the walkout has been a failure.

Miller Put Forward for Commissioner

A number of friends of Harlan Miller met Saturday evening at the home of H. M. Smith, 1561 Seventh avenue, for the purpose of perfecting an organization and place Miller's name in nomination for the office of Commissioner of Streets of Oakland at the April election. Harlan Miller was a candidate last fall for county surveyor. The committee were appointed from among those present at the meeting Saturday evening to perfect the necessary organizations.

FATALLY INJURED IN BLAST

CALIFORNIA, Feb. 17.—Edward de Groitte, employed by the United States Housing Corporation, was probably fatally injured this afternoon when a charge of dynamite buried in the ground at the government annex was accidentally discharged.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tonic). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 20c.—See statement.

WATER STILL RISING IN SUTTER CO.

MARYSVILLE, Feb. 17.—Water was still rising today in the Sutter county flood that has resulted in damage of a million dollars and inundation of thousands of acres of land.

The Nelson home near Tudor is in nine feet of water. The family is domiciled on the second floor with a scanty food supply. Farmers of the district are aroused and through their various associations are demanding explanations from the State Reclamation Board because it allowed the east levee Sutter by-pass to remain open while the Armour project was being completed.

The Sutter county grand jury has adjourned until February 24 to allow further investigation. It has been instructed by Superior Judge K. S. Mahon to investigate the flood and the responsibility of the reclamation board. It may ask Governor Stephens to dissolve this body.

Five hundred farmers of the Sutter County Protective Association have appealed to the California Debris Commission for action against the reclamation board.

YOUNG TO PRESIDE AT LEAGUE DINNER

Lieutenant-Governor C. C. Young has formally accepted the invitation of the Oakland Chamber of Commerce to preside at the reception and dinner to be given by that body at the Hotel Oakland Wednesday evening at 6:30 in honor of Henry Morgenthau, former United States ambassador to Turkey, and Edward A. Filene, a director of the United States Chamber of Commerce, who are delegates to the Pacific Coast Congress for a League of Nations, which will convene in San Francisco Wednesday.

Reservations are being received in large numbers, according to members of the Chamber of Commerce, and the attendance is expected to run into the hundreds. Many persons of prominence are to attend, according to letters of acceptance received.

Final details for the event have been practically completed and the gathering promises to be one of the most important that has been held in this city for some time.

Directors Elected By Broadway Bank

A LeRoy Oliver, one of the principal owners and assistant manager of the California Cap Company, was chosen the new director of the Broadway Bank at its annual meeting February 15, to fill the vacancy caused by the death of John Ryan. These directors were all re-elected: B. F. Edwards, president; James F. Peck, vice-president; Frank F. de Lisle, secretary; O. R. Morgan, R. F. Shapiro, H. C. Brouniger, J. de Souza Bettencourt and Frank H. Buck. B. F. Edwards Jr., was made cashier and treasurer and J. D. Montgomery assistant cashier. The bank, which opened in August, 1917, with a capital of \$250,000, had total assets of \$755,000.83, December 31, 1918, according to the annual report submitted. The assets the day of the meeting were shown as \$818,000.

WOMAN'S PLEDGE OF GRAPEJUICE GETS FREEDOM

"To drink grapejuice for a year—that is a big price to pay for freedom, Judge, but I would not get anything in jail, so I promise." So spoke Margaret Smith, charged with being drunk, whom Judge Geo. Samuels characterized his "best customer."

"For twenty years you have been coming here, Margaret," said Judge Samuels. "Soon you will not be able to get drunk. Then what will you do?"

"I suppose I'll have to drink grape juice," replied Margaret. "Why not get used to it now, Margaret, because soon you won't be able to get anything else. If you promise to drink it for a year I will let you go."

MEN RETURN IN LOCAL SHIPYARDS

(Continued From Page 1)

Shipbuilders. He came to the meeting with official ballots supplied by the international, but was prevented, it is stated, from distributing them by the so-called radicals. The men then voted viva voce to reaffirm their stand with the Coast District Council and to sustain the four helper crafts who struck February 6.

Following this defiance, McGuire announced that he would order the men back to work, and if necessary would form a new union from those who obey the order. Confirmation of the stand taken by McGuire was given by Weyand, who again stated that the Oakland boilermakers' helper crafts are on strike in violation of the laws of the international.

Today McGuire supplemented his announcement of yesterday with the following notice: "All men of Local No. 233, who have returned to work, or who desire to return to work, will report at a meeting to be called by M. J. McGuire in the name of the International President at 8:00 o'clock to-night (Monday) at the San Francisco Labor Temple, 15th and Capp streets, San Francisco, California."

At the meeting scheduled for to-night provision will be made, it is stated, to secure the helpers necessary for resumption of work at the Moore and Hanlon plants tomorrow morning and to supply all on the plants with the workers necessary to keep them running at practically normal capacity.

Today's dispatches from Portland indicate that the canvass of voters by the Pacific Coast District Council of Boilermakers and Iron Shipbuilders will fall to show the two-thirds majority necessary for the ordering of a strike. The district council convened this morning, with J. H. Powers of Oakland union officiating as secretary. The tally of the votes of the eleven unions within the jurisdiction of the council, so far as completed, is said to be against the calling of a general strike.

Despatches from Portland also indicate a threatened breach in the ranks of the Oakland and Seattle unions represented at the sessions of the metal trades conference which opened there today. Ostensibly the conference is called for the purpose of agreeing upon a wage and working scale to be submitted to the employers on the Pacific coast after the expiration of the Macy schedule on April 1.

KNOTTY QUESTIONS DEBATED IN NORTH. The delegates are also considering that action, if any, the Pacific coast unions will take in aid of the 25,000 striking shipyard workers at Seattle. Among other knotty problems to be threshed out are questions involved in the present strikes in California shipyards and the controversy between the San Francisco Iron Trades Council and the Oakland Boilermakers' and Machinists' unions.

John L. Martin, president of the Oakland Shipyard Laborers' Union, will endeavor to secure recognition for the Eastbay Metal Trades Council, now in formation, which embraces all of the metal crafts' unions.

PROPAGANDA OF REDS SENT ALLIED FORCE

ARCHANGEL, Saturday, Feb. 15. (By The Associated Press).—Since February 11 the Bolsheviks have made no attacks against the allied forces on any sector of the Archangel front. Allied airplanes report there has been no movements of troops behind the enemy lines since the Bolshevik withdrawal south from Sredmakengra.

While the cessation of attacks has been coincidental with the Bolshevik offer to attend the Princes Island peace conference, their offensive was checked by the American and allied troops. The allied military leaders do not believe the Bolshevik acceptance of the invitation to the conference caused the Bolshevik inactivity of the last four days.

New Dredger Needed, Declares Soderberg

Oakland needs a new city dredger, one not being enough. So said Commissioner Fred Soderberg before the city council today, in opposing the request of the Moore shipyards for use of its only dredger to prepare a place for their new one and a quarter million dollar drydock.

"We cannot move the city dredger from the Key Route basin," said Soderberg. "We have agreed to give the Albers people a deep water channel, and the same for the Union Construction and Parr-McCormick company, and are behind with all this work. I have tried to find another dredger, but rents are exorbitant. We need two dredgers to keep up with our agreements."

Soderberg said that the Moore yards wanted the Oakland dredger because private dredgers charged too high a rental. Alameda and Contra Costa counties. Certain of these unions, together with others of San Francisco, some weeks ago withdrew from the San Francisco Iron Trades Council. Unification of the breach thus caused is one of the objects of the conference.

The situation in the "outside" shops of the San Francisco bay district today assumed a lockout-hawking phase, the machinists' having struck last week for back pay and a forty-four-hour week, and the employers this morning closed their plants until such time as the men agree to work the full forty-eight-hour week. The strikers and employers have thus far been unable to arrive at a ground of compromise.

LEADERS READ OUT OF ORGANIZATION. At several churches Sunday was observed as Lincoln day. The delivery of a sermon on Lincoln was honored by the presence of members of the Grand Army of the Republic, including the Rev. Charles S. Price, who delivered a lecture on "Lincoln, His Life and Times." K. Towner of the First Baptist Church spoke on Lincoln as a father, taking for his subject: "The Fatherhood of Lincoln."

Rev. James Whitaker, pastor of the Methodist Episcopal church, took for his subject: "The Immortal Lincoln; Has He Any Relation to the Late War?"

YESTERDAY marked the opening of the Lutheran national campaign for overseas reconstruction work. All pastors of the Lutheran church in this city and 10,000 laymen announced their campaign plans.

THE bay district of the women's missionary societies of the Christian churches will be held tomorrow at 10:45 a. m. in the First Christian Church of Richmond. At the morning session Mrs. Russell Lowry of Oakland will speak on "The Women of China and India."

Boggs will deliver an address on "The Principal speakers of the afternoon will be Dr. W. K. Towner of the First Baptist Church, Oakland, and Mrs. L. E. Scott, who delivers the President's address."

Yard Laborers Are Not On Strike

That the shipyard laborers are not on strike and that any member is at liberty to take shipyard employment when it can be obtained, and that its members are out only because walk-outs by other trades on which their work depends has ended their usefulness, is the official statement of the Shipyard Laborers' Union. In a statement to THE TRIBUNE today President E. C. Carroll and the other officers of the union set forth the case as follows:

"We permit me a small amount of space in which to try and set right in the eyes of the public the position of the Shipyard Laborers' Union in the present controversy.

First, allow me to say most emphatically that we have not on strike. One week ago the proposition was voted on by this union and it failed to carry.

JUBILEE RALLY OF SUFFRAGISTS SET FOR MARCH

NEW YORK, Feb. 17.—A call for a "Jubilee" convention of suffragists to be held in St. Louis March 24 to 29, was issued here by Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association.

Mrs. Catt said the purposes of the convention are to celebrate the fiftieth anniversary of the granting of woman suffrage by Wyoming and to pay tribute to the states which have conferred presidential suffrage on women during the last year. A third purpose, she said, will be the formation of a "league of women voters" which will organize a campaign for national suffrage.

News of the Churches

Sunday night Dr. David Starr Jordan faced a full house at the First Congregational Church as he spoke on "The League of Nations," or as he prefers to call it, "The League of Peace."

He was introduced by Dr. Van Horn, who said: "Five years ago President Jordan said that the world was in a perilous situation and that the only way to save it was to organize a league of nations. He was right."

Dr. Jordan spoke with becoming modesty on account of former mistakes as a prophet, and still he was very hopeful since the power of any irresponsible person to start a world war is being broken by the button was signed on the day of liberation, November 11, 1918.

Dr. Jordan said that the worst democracy is better than the best autocracy. And the worst democracy is really the worst. The worst democracy is the one that lives in the last generation was Bismarck, who had a great deal to say about nothing that he was doing with him. When he was dropped overboard Germany became a wrecked nation.

Rev. J. F. Fieberling, pastor of the First Baptist Church, spoke on "The Fatherhood of Lincoln," taking for his subject: "The Fatherhood of Lincoln."

Rev. James Whitaker, pastor of the Methodist Episcopal church, took for his subject: "The Immortal Lincoln; Has He Any Relation to the Late War?"

YESTERDAY marked the opening of the Lutheran national campaign for overseas reconstruction work. All pastors of the Lutheran church in this city and 10,000 laymen announced their campaign plans.

THE bay district of the women's missionary societies of the Christian churches will be held tomorrow at 10:45 a. m. in the First Christian Church of Richmond. At the morning session Mrs. Russell Lowry of Oakland will speak on "The Women of China and India."

Husband Beat Her 6 Years, Says Woman

For six years Mrs. Lena Innotia has been beaten by her husband, according to the story she told the police last night, who were called to the home of the woman at 3235 Adeline street by neighbors.

Mrs. Innotia, who is bruised about the face and body. She was taken to the Emergency hospital for treatment. The husband, Mike Innotia, was arrested on a charge of battery.

SHIPS BRING MORE TROOPS FROM FRANCE

NEW YORK, Feb. 17.—The steamship Rotterdam arrived here from Brest today with 2736 troops, including thirteen French enlisted men.

Among the troops were units of the 92d (negro) division, a detachment of Company D of the 162d Infantry of the 1st division (National Guard) of Washington, Oregon, Montana, Idaho and Wyoming) and casuals.

The steamer Dante Alleghiri arrived with 1883 troops, including the 81st regiment, coast artillery corps, cavalry, and officers and thirty-eight men of the U. S. Marines, who were at Constantinople during the war, and a number of civilians, including Y. M. C. A. workers. The vessel sailed from Marseilles January 30.

The Sfaxia brought forty-seven casual officers and men, nineteen of whom were sick and wounded. The vessel left Bordeaux February 2.

Nearly 3000 strong, the dusky "hell fighters" of the famous 369th Central Postal Directory, "The Fighting Fifteenth" of the National Guard, came to New York from Camp Upton today and paraded up Fifth avenue to the plaintiffs of thousands of their cheering countrymen. They carried the tattered and medal-riddled flags they had borne to victory on many a hard-fought battlefield of France and wore their helmets. Colonel Hayward, organizing commander of the unit, headed the parade. This is the first complete unit of war veterans to parade in New York.

Fieberling Not to Withdraw from Race

Editor TRIBUNE: Answering the article which appeared in your paper, Friday evening, February 14, regarding my candidacy for school director, I say that at no time nor to any person did I express any intention of withdrawing from the field.

Whoever took it upon themselves to make the presumption was acting under a misapprehension.

Answering you are non-partisan in this matter and the debate to be fair in your dealings with all citizens of this community, I respectfully request that you publish this letter in your valuable paper.

Sincerely yours,
J. F. FIEBERLING.

Marcosson Receives More I. W. W. Threats

SAN FRANCISCO, Feb. 17.—More threatening letters, menacing him on account of his refusal to arrange the I. W. W. in his lectures, have been received by Isaac F. Marcosson, the writer, at the Hotel St. Francis. The deluge of threatening letters started in Seattle, according to the author, last year's mail in San Francisco brought the latest of the menaces, evidently written in San Francisco.

Peptiron

A Real Iron Tonic
Combines iron with nux, celery, peptone and other tonic nutrients and digestive. Of backache, helps in nervous weakness and debility.

RANCH OWNER REGAINS WEIGHT

"Griffin Never Felt Better in His Life; Had Suffered for Ten Years."

"Give me another bottle of Tanlac, please. I gained fifteen pounds on the four bottles I bought before, so I can go to stick to it a while longer." So said William Griffin, a well-known ranch owner who lives at Lodi, Cal., as he entered one of The Owl Drug Company's stores in San Francisco a few days ago.

"For ten years," continued Mr. Griffin, "I suffered all sorts of pain and misery on account of the bad condition of my stomach. My food would sour on my stomach after my meals, and for three months before I began taking Tanlac about the only thing I could eat was a little milk and rice. I lost so much in weight and strength that I was hardly able to do the lightest kind of work, and finally my general health began to fail. My kidneys got out of order and I would have awful pains in the small of my back. I also suffered from rheumatism in my right knee, and the doctors and their other medicines and treatments from which I got no relief.

GET AFTER THAT COLD RIGHT NOW

Got Right After It With a Bottle of Dr. King's New Discovery.

She never let a cough or cold or case of grippe go until it grew dangerous. She just nipped it when she began to snifle or cough before it developed seriously.

Men, women and children of every age have used this preparation for fifty years as a prompt reliever. All ages are using it today because of its positive results.

Generous size bottles sold everywhere. 50c and \$1.20.

Salad Jell

Lime Jiffy-Jell is flavored with lime-fruit essence in a vial. It makes a tart, green salad jell.

Jiffy-Jell desserts are flavored with fruit-juice essences, highly condensed, sealed in glass.

Each dessert tastes like a fresh-fruit dainty—and it is.

You will change from old-style gelatin dainties when you once try Jiffy-Jell. Millions have changed already.

DRESSMAKER SAVED FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N. Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with an abscess on my side, and I expected any day that I might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I feel well and strong, do my own work and do dressmaking for others. I cannot speak too highly of your medicine, and am recommending it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. PERMILLA HULSHIZER, 218 E. Fall St., Ithaca, N. Y.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Fight to Win!

The Nation demands strong men—strong women and robust children. Wisdom suggests that every proper means of safeguarding the vital forces and building up of resistance, be utilized.

SCOTT'S EMULSION

affords definite help to those who are "fighting to win" against the inroads of weakness. Scott's, abundant in tonic-nutrient properties, builds up the body by the Nature's method.

Scott & Bowne, New York, N. Y.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by a doctor for 35c. Extra large bottle, \$1.00. Itching begins the moment Zemo is applied. In a short time usually every trace of eczema, whether, usually, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

U.S. PLEDGED TO SOCIETY OF NATIONS

—FORMER PRESIDENT TAFT.

PORTLAND, Ore., Feb. 17.—Former President William Howard Taft today set a set speech predicting that the senate would ratify "the great covenant of Paris." He characterized the objections of some of its opponents as "reactionary."

"On the whole, we should thank God that such a great advance toward the suppression of war and the promotion of permanent peace has been taken as in the agreement of this constitution," he declared.

Taft addressed the Northwestern congress for a league of nations. It was his first complete statement on the league of nations constitution.

"Is it possible that a feature of the treaty upon which fourteen nations, through their representatives at Paris, agree, is to be defeated by the lack of the necessary two-thirds vote in our senate?" "I think not," Taft said.

REPLIES TO POINDEXTER.

Regarding the objection of Senator Poindexter that the constitution limits the sovereignty of the United States, Taft said:

"When President Wilson returns to present the result of his visit to Europe it must be that the American people will welcome him with approval and congratulations upon the success of the congress in which he has taken so prominent part."

"In the President's addresses and messages during the war and since, he promised to the harassed peoples of the allied nations that the United States would press for a league of nations which should secure permanent peace when this war ended. Thus he revived the morale of the war-weary soldiers and workers of our allies. These promises were not repudiated by any American when they were made. They were echoed in all the appeals to the American people and they found ready response among them and no protest."

NATION IS PLEDGED.

"The nation is thus pledged to the idea of a league of nations to render peace permanent. Good faith requires that when other nations are willing to undergo the sacrifice of the peace of the world, we should ourselves be willing to assume. Only now after the war, after the reaction that the ending of war brings, and after impatience at the delays in reaching peace conditions do we hear on the floor of the senate the criticisms of a league of nations."

"If uttered during the war they would have been out of tune with the overflowing spirit of the American people and their determination to win this war and end the possibility of any such war in the future. Now do we hear the claim that we did not go into this war for the benefit

Oakland Car Lines Seek Valuation

Changes Proposed in Resettlement

Official notice that the State Railroad Commission will be asked within the next few days to fix a valuation on Oakland's street car lines under the provision of the proposed resettlement franchise, was served today on the city council by Charles A. Boardley, attorney for the company.

Boardley's notice followed the filing of a report by the council's advisory committee recommending certain changes in defects of the franchise as proposed by Boardley. The valuation would be followed by an official application to place the franchise on the ballot for popular vote.

The charter amendment recently passed authorized the preparation of a franchise which was to be submitted to the people for final passage. Commissioners W. H. Edwards and Fred Soderberg announced that they would propose an indeterminate franchise, and Mayor Davis supported them in their plan.

"The only solution of the present problem," said Mayor Davis, "is public ownership. Now is the time for the city to buy the street car lines, for they will never be cheaper. This proposed franchise vote 'cuts no ice' with me."

Boardley said that the company was willing to sell at any time the money would be forthcoming. He pointed out that there is a municipal ownership clause in the proposed indeterminate franchise and said that the city would be fully protected in that regard.

Soderberg replied that the franchise for adding a new value to the street car line would have the effect of placing public ownership in the hands of the city. He suggested a twenty-year market franchise as an alternative.

Commissioner P. P. Jackson objected to this on the ground that the present street car system might be overhauled in the year of its expiration.

The committee's report was laid over pending further action.

COMMITTEE'S REPORT.

The advisory committee's report follows:

February 17, 1919.

Honorable Council of the City of Oakland, Gentlemen: The committee appointed by your honorable body on November 7, 1918, by resolution 1742 N. S., to which was referred the application of the San Francisco-Oakland Interurban Railway for a resettlement franchise and the report of the resettlement franchise advisory board, present its report as follows:

The committee has carefully studied and discussed the charter amendment proposed by the city for a resettlement franchise, and the proposed resettlement franchise prepared and presented to the council by the advisory board. It believes that some modifications should be made in the proposed franchise, and accordingly has set forth its recommendations in the report of the advisory board's draft attached hereto.

One change suggested in the proposed franchise is the deletion of the clause on page 5, lines 15 to 20 of the advisory board's draft. It is provided that any clear surplus in the depreciation fund may, with the consent of the board of control, be used for additions, extensions and betterments. After a careful consideration of the subject the committee concluded that the provision in question was fundamentally in violation of the purpose of a resettlement fund. Believing that such fund should be reserved exclusively for making replacements, the committee recommends the elimination of the clause on page 5, lines 15 to 20, and also of

of the world, but for our own selfish purposes."

The most extreme position of Senator Underwood, that the United States cannot consent to ratification of issues between it and other countries because it might affect the vital interests of the nation. There have been one hundred arbitrations between the United States and other countries, many of them of very great concern. The question of the payment of the Alabama claims related to a principle of international law and international justice, that was of the highest importance.

"No reasonable and patriotic and properly self-respecting citizen of the United States can claim that our sovereignty should be more than a freedom of action within the limitations of international law, international morality and a due regard for the rights of other nations. The only sovereignty which we ought to claim is sovereignty regulated by these limitations."

"Now the league does not propose in any way further to restrict that sovereignty but only through the joint compulsion of all nations to keep a would-be outlaw nation within the proper and existing limitations. The league is not a super-sovereign. It is only a partnership. Its power is in joint agreement—not in the establishment of a government. The senator's objection is fundamental. If it were analyzed and logically developed, it is a reactionary doctrine that belongs to the German view of the state and its power and its rights. It is not consonant with any hope by international action of settling differences other than by the power of the sword. It leads directly to the proposal that 'might makes right.' It is based on a doctrine of supreme national selfishness. It is the pessimistic and despairing view of any possibility of restricting war. It combats the progress and acquiescence the prospect of another war through which we have passed. In the next ten or twenty years, it perverts the glorious idea of a national sovereignty to keep it from helping the family of nations. It perverts our grand federal constitution to render helpless for the good of the world what under the providence of God has become the world's greatest power."

"Will the American people acquiesce in such a small view of our responsibilities for mankind and of our governmental capacity for international benefit? We may be confident they will not."

Cafe Owner Given 3 Months' Sentence

John Kolich, proprietor of the Senate Bar, 1314 West Seventh street, was sentenced to three months in the Alameda county jail by Federal Judge Dooling in San Francisco today following his conviction by a jury last week of running above the law a disorderly house in which Mrs. Diebold and Alice Miller were inmates.

A plea for clemency and the imposition of a fine was made by Attorney W. H. Hines, representing Kolich. This was disregarded by the court. A stay of judgment for 48 hours was granted, however, to permit Kolich to arrange his business affairs.

Labor Organizer Dies of Influenza

STOCKTON, Feb. 17.—J. True Woods, organizer for the State Federation of Labor, and a member of the executive committee of the State Building Trades Council, died suddenly at his home this morning of heart failure superinduced by a recent attack of the influenza.

YOU CANNOT MAKE

a mistake if you go in where you see only National Ice Cream is served. It means just what you want in ice cream—purely and lusciously good. Ask your dealer and he will tell you.

BIG 'CIRCUS' FOR WORKERS PLANNED

A military circus, replete with sensational features, with daring acts of army aviators, drills by soldiers, music by military bands, and a varied program, will be given next Saturday afternoon (Washington's birthday), beginning at 1 o'clock at Chevrolet boulevard and Sixty-ninth street. The big affair will be under the auspices of the Oakland Labor Temple Association and the proceeds will go toward the fund of the new temple which is to be constructed on Broadway. Assisting in the success of the day will be many of the leading business and professional men who are agreed that the labor temple will be a tremendous asset to the city.

The military circus will mark the opening of the big drive for funds which will last for one week. Many features for the entire week have been planned, but the energies of the committees, headed by George Davis, chairman of the temple association, are being devoted right now to the great program on Saturday.

Davis received word today from Captain T. S. Voss of the air service flying school of Mather field, that every co-operation will be given and it is expected that eleven fliers will make the trip from the field landing direct at the Chevrolet field, and will give exhibitions of flying during the afternoon. Word has been sent by Major John L. Davis and Davis to Douglas Campbell, the famous American ace, now at San Jose, and also to Eddie Rickenbacker, who distinguished himself in the flying service, and it is probable that they will be present. The famous Marine band of 100 members from Mare Island is to play during the afternoon and several companies of soldiers are to drill. Governor William Stephens and Mayor John L. Davis are to make special appearances and have been sent to a number of distinguished men to attend.

Private Smith, known as the greatest tenor in the American army, who sang before King Albert of Belgium, will be heard. Smith has a tremendous voice and it is no trick for him to sing with a 28-piece band and be heard above all the instruments.

Plans are also under way for five of the leading moving picture stars to be present on that day and other program features are to be announced later. Davis said today that the labor temple project was meeting with splendid success and believed that with the co-operation now being shown that it would soon be built.

APPEAL MADE FOR STRICKEN FAMILY

BERKELEY, Feb. 17.—The first public appeal being made for aid for a family left destitute as a result of the influenza epidemic is being voiced today by the Berkeley Charity Organization Society in behalf of Mrs. Jennie Dawson and her eight young children.

Mrs. Dawson's husband, Grover C. Dawson, foreman at the El Comodoro on the Fourth and Broadway streets, leaving his family practically helpless to battle for existence. Following Dawson's death contributions from Dawson's fellow workers combined with lodge benefits and a life insurance proceeds have saved the family from starvation. At the advice of the Charity Organization Society, Mrs. Dawson is now at 108 Northside avenue, where a home, while \$150 is sought to build necessary additions. Members of lodges of which Dawson was a member have volunteered their services for work on the proposed addition while lumber and material have been secured at reduced prices.

Contributions for the fund being raised to clear the mortgage on the home will be received by the Charity Organization Society, 2120 Grove street. Checks may be made payable to Louis Bartlett, treasurer of the society.

Patriotism Needed in New Bond Drive

NEW YORK, Feb. 15.—Patriotism, not the acquisitiveness of the American people, will make it possible to float the Victory Liberty Loan, Secretary of the Treasury Glass declared here today.

It is inconceivable to suppose that this or any other government under similar circumstances can float a six billion dollar bond issue purely upon an investment basis, he stated.

General Strike to Guard Labor Ticket

CHICAGO, Feb. 17.—The Chicago Federation of Labor announced today that union labor would stage a one-day general strike in this city April 1, election day, so union workers can "protect" the interests of John Fitzpatrick, labor candidate for mayor, and his running mates.

The one-day strike was voted at a meeting of the federation of labor Sunday.

For Constipation! Physic

Purge or Laxative?

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulency and other digestive ills.

The druggist will refund your money if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN
The Perfect Laxative

FREE SAMPLES—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 414 Washington St., Montreal, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing wear taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—5c and \$1.00.

Daily Magazine

of the Oakland Tribune

Winifred Black

Writes about FOLKS AND THINGS

His name is not Leonardo, nor Edgar, as it ought to be from the romantic position he calls. I can give his name to the world, for the world wouldn't be interested—so we'll call him Thomas. Poor Thomas then, has been in love for seven long years, and although the girl of his affection has now fled with him and then flouted him, never for a moment giving any evidence that she cared for Thomas, the poor fellow still declares that he's miserably and unhappily in love with this same dame.

He told me the other day that he was anxious to find out how he could stop thinking of Lorraine day and night. I couldn't say very much at the time, for there were so many persons around us that anything like earnest talk was out of the question, but I have thought more than once of poor Tom and always with the hopeless feeling that he is one of those who haven't strength of character to overcome a foolish passion and to live the life of a real man.

Tom is a "throw back" to the old-fashioned time when it was quite the thing to shut one's self up from the world and live a useless life because of some disappointment. How many lives have been wasted in this manner no one can tell. But the world has grown wiser in some ways and no sensible man or woman feels it right to give way to weakness and make a wreck of his or her life because things haven't gone exactly as could have been wished.

And the real truth is that the early disappointments most of us suffer are really the best things that could happen to us.

CHANGED AN ENTIRE LIFE.

The world has little patience in these days with any one who indulges in the luxury of we.

Is it not a strange absorption in self which often ruins an otherwise promising life?

I saw a man come out of his house the other day and he slammed the door, and looked the gate, and went scowling along the sidewalk with his face as black as a thunder cloud—all because he had just received a letter announcing that it wasn't convenient for his sister, who lived in a nearby city, to receive him as his guest for a few weeks. He, of course, had proposed this visit because he found it very dull at home, business was slack, and he didn't know what else to do with himself. His sister, evidently, knew him too well, she didn't want that lowering face at her table, nor that figure of moody selfishness planted in her living-room among her children. She knows him too well.

Now this man, without doubt, is thoroughly unhappy. Life to him is a series of disappointments, great and small. He can't even catch the car he wants. The exact shade pleasing to him for a necktie is never to be found. He is a lawyer, and his business has dwindled away until he can hardly pay his office rent, yet a few years ago when things were better with him, it wasn't uncommon for him to be so indifferent to his clients that they left him in large numbers.

Now, this all came about, I've been told, through this man's disappointment a few years ago over the loss of the political office he was seeking. He fixed his eyes upon one position in a federal administration, and exhibited great activity and cleverness in getting the support of men of known character as well as of the citizens in general with whom he came in contact. Flushed with hope he went to Washington, and there met his Waterloo. Another man was appointed to the place he coveted.

WHY WASTED LIFE.

He came home a broken man. To those who sympathized with him he only smiled, and with the day of his defeat he submitted to being a defeatist man with no ambition in any direction apparently. People who had first felt sorry for him soon learned to despise him. He had given up all that is best in life because he couldn't have what he wanted.

I wonder how a man like that, or a man like Tom, could be awakened out of the false dream in which they live. I cannot think how it could be done, but perhaps to either of them might come a stunning sorrow, a really great calamity, which would take them in its reality into a new world of thought and feeling. Perhaps they would see, under such a trial, how foolishly they had allowed their lives to be spoiled by mere selfish indulgence in chagrin over defeat.

Life is too great and too fine to be wasted by any of us. There's something worth while for all of us. But the world has no place for those who sink or stum over personal disappointment. Something like this I may set up courage to say to Tom, but certainly I shall never attempt to expostulate with the man who has submitted to being a defeatist man with no ambition in any direction apparently. People who had first felt

Still the woman who hit her husband with a baseball bat may have thought she was swinging at a wild one.

After telling of the needs of his country President Ebert proposed that the delegates give it a three-fold hock. There is nothing selfish about that follow.

At that, the hock is better than the Hohenzollern.

The tax on chewing gum is a blow direct to the jaw.

The burglar with his taking ways Selects his haul at night. The amateur photographer Takes everything in sight.

Few believe in intuition as a general thing, but each person thinks he is particularly favored with it.

The object of the artist's hat, as we see it, is to paint the town red.

WHY ART CRITICS TAKE VACATIONS.

The art critic, wishing to pay a deserved tribute to an exhibit of a young painter's works, wrote: "Freshness, simplicity, economy of means mark the exhibition with a distinction. See it. It is charming." After the paragraph had clicked through the linotype, it appeared: "Freshness, simplicity, economy of means mark the exhibition with a distinction. See it. It is alarming."

J. B. wishes to know why the League of Husband has been dormant for the last ten days. The last we heard of them they were debating as to whether Aleck or Dickey should be chosen president.

Just Folks

by Edgar A. Guest

There are little eyes upon you, and they're watching night and day; There are little ears that quickly take in every word you say; There are little hands all eager to do everything you do, And a little boy that's dreaming of the day he'll be like you.

You're the little fellow's idol, you're the wisest of the wise; In his little mind about you no suspicions ever rise; He believes in you devoutly, holds that all you say and do He will say and do in your way when he's grown up just like you.

Oh, it sometimes makes me shudder when I hear my boy repeat Some careless phrase I've uttered in the language of the street; And it sets my heart to grieving when some little fault I see And I know beyond all doubting that he picked it up from me.

There's a wide-eyed little fellow who believes you're always right, And his ears are always open and he watches day and night. You are setting an example every day in all you do For the little boy who's waiting to grow up to be like you.

There's a wide-eyed little fellow who believes you're always right, And his ears are always open and he watches day and night. You are setting an example every day in all you do For the little boy who's waiting to grow up to be like you.

There's a wide-eyed little fellow who believes you're always right, And his ears are always open and he watches day and night. You are setting an example every day in all you do For the little boy who's waiting to grow up to be like you.

"Just Hats"

By Vyvyan

A small person can wear a hat with high trimming like this, so well. The trim goes up to a point in front, and from that rises the black satin bow.

The egg beater, mixing fork and spoons, measuring spoons and cups, and on which your other needed articles can be placed.

Two or three shelves of this kind will make it unnecessary to travel to various parts of the kitchen and search the shelves for needed tools and ingredients.

Kitchen Economies

by Isabel Brands

Do you know that an extra shelf will sometimes save you much time and work?

So much trotting about in the kitchen and walking from one room to another is often due simply to the lack of one or more convenient shelves. We have the habit too often of accepting the inconveniences of most household arrangements simply because they happen to have been built that way.

For example, in many of the city apartments there is plenty of shelf room in the kitchen, but it is built in the shape of a large closet, extending upward to the ceiling, far beyond the reach. Shelves that have to be climbed to are not convenient or really useful shelves. They are suitable only for storage purposes.

The real function of a shelf is to keep the things we need regularly in a convenient form, easily accessible and within reach.

Here is the test of whether your shelves are giving you the help you need.

Do you have to walk from your working surface, like the kitchen table, to a shelf where your tools are? Can you reach comfortably to your shelves, or do you have to stand on a ladder of some sort?

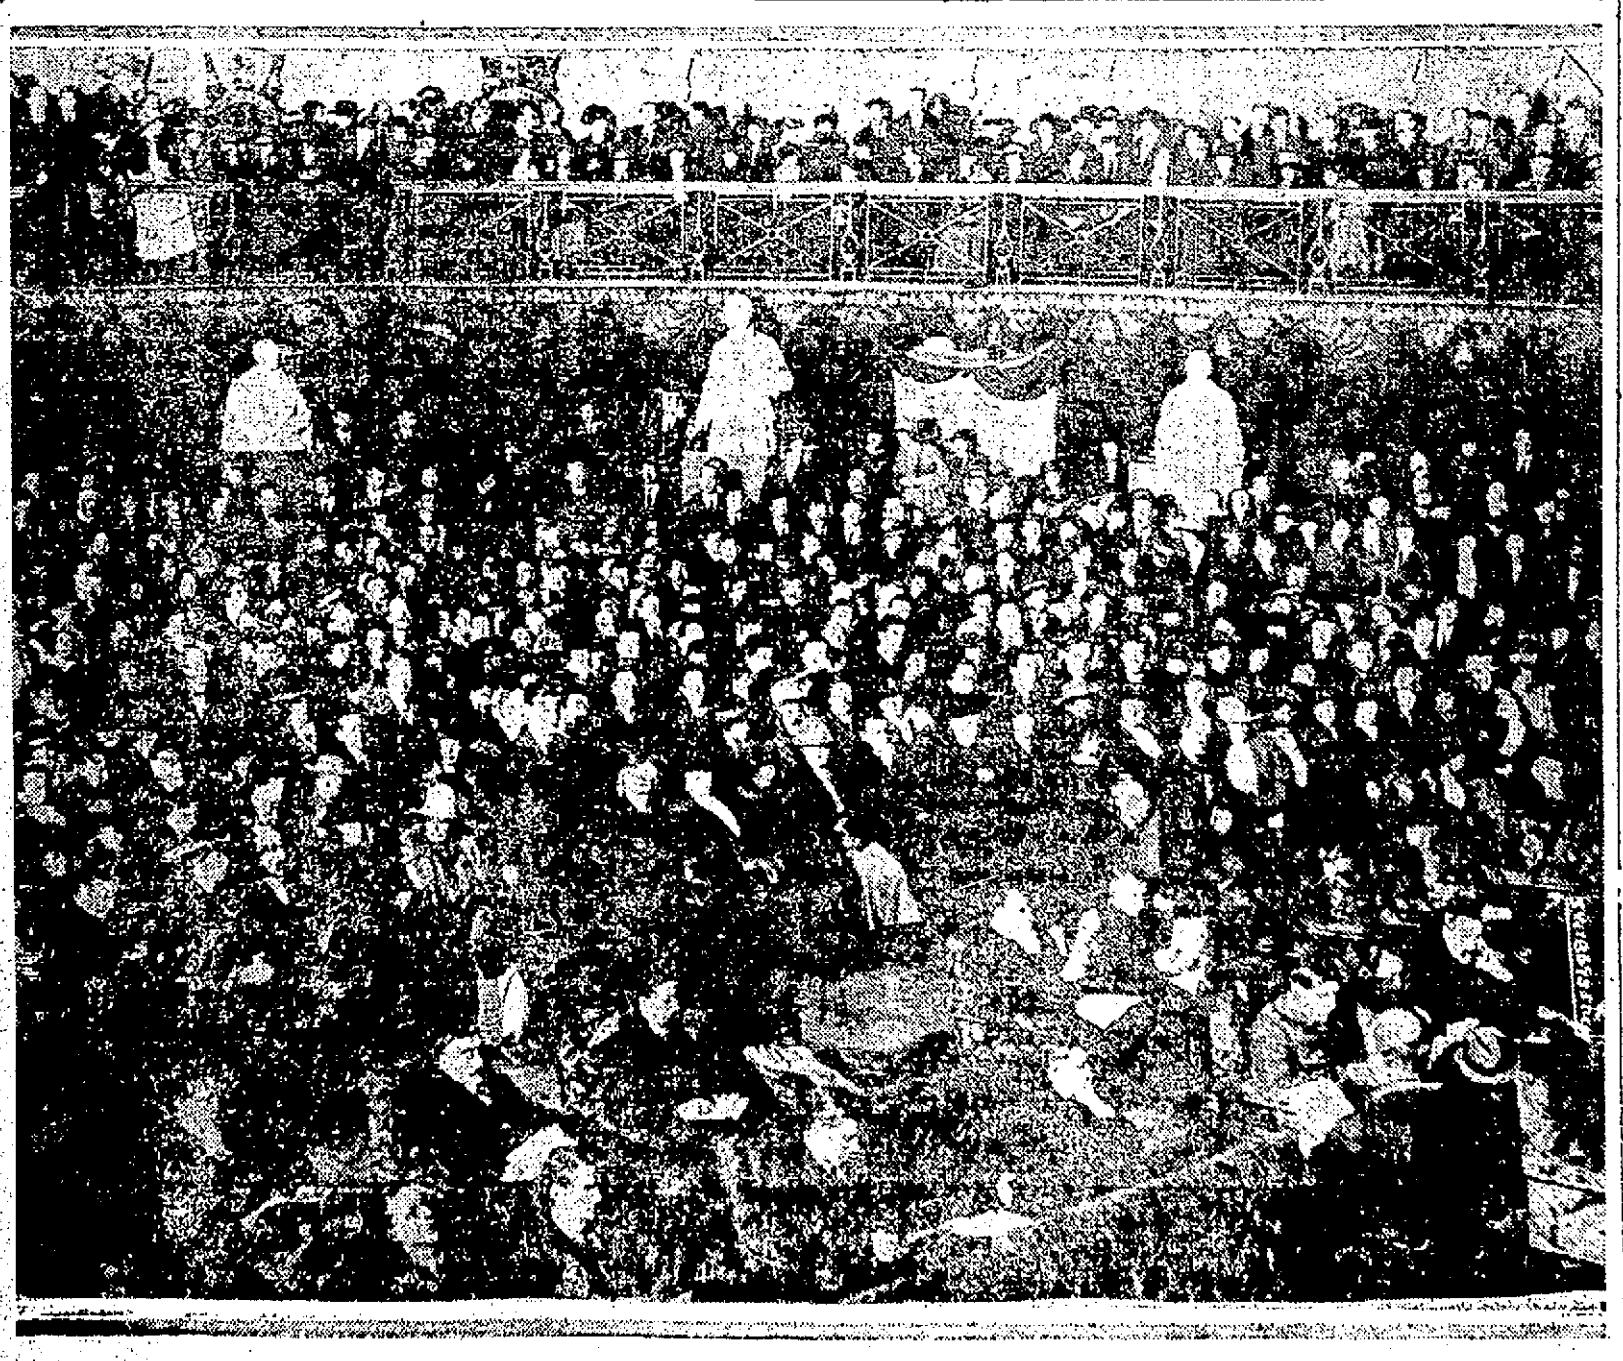

Almost any one can install one or two shelves with the aid of some simple carpenter's tools and ready-made equipment.

THE BEST SHELVES.
Here are the kind of shelves which you will find to be really labor-savers:

1—Over your kitchen table, or cupboard or whatever you use for mixing food there should be shelves containing standard ingredients—flour, sugar, spices, etc.

2—Attached to your kitchen table there should be a shelf with hooks on which you can suspend tools such as

Sinn Féin members are seen in the upholstered chairs in front. In the background are the spectators.

THE MOON RING : : By Juanita Hamel

JUST the moon—to any eyes but theirs—to THEM common ring around the moon do they see—it's a splendor of the evening sky. For their eyes behold stars of the night, the moon and every other light of what their HEARTS delight in. Not the sometimes earth or sky—the emblem of their LOVE.

Adele Garrison's New REVELATIONS OF A WIFE

(Continued from Yesterday.)

"HOW DO YOU KNOW?" returned Lillian quietly. "It's rather a difficult matter to fire at shadows. But don't you think you men would better slip out the back door and make sure that the woman isn't still lurking somewhere about. I'm pretty sure she isn't, she probably beat it as soon as she heard the pistol, but it won't do any harm to satisfy yourselves."

The four men, Robert Savarin, Alfred Durkee, my husband and Jim, looked rather sheepishly at each other, and then hastened out to search the grounds. I knew that they were all a bit chagrined that they had waited to have the way to action pointed out by a woman and I suspected that Dicky was at least a bit irritated also, and wondered secretly if Lillian, forceful and brilliant as she was, might not at times carry her propensity for managing things a bit too far. It was a certainty that one of the men would have thought of the necessity of searching the grounds before very long, and it appeared to me for the moment that it would have been better if Lillian had waited for their suggestion.

I think Mrs. Durkee shared my feelings to an even greater degree, for there was a touch of asperity in her manner as she turned to Lillian and said: "How do you know it was a woman who fired the shot?" she demanded.

A wave of compassion for my critical thought of my friend rolled over me as I saw Lillian start and flush in embarrassment at Mrs. Durkee's tone. With her quick perception she saw at once the reason for the other woman's disapproval, and I knew her well enough to recognize the humiliation that came to her with the suspicion that she had been too officious in sending the men out doors. After all, I said to myself, there is but one Lillian Underwood in the world, and there have been so many situations which she was forced to dominate because there was no one else to do it that she might surely be forgiven for a little excess of authority under the stress of excitement.

ROBERT SAVARIN SPEAKS.
She was standing by the lounge where I sat, and I put up my hand and drew her down beside me as I answered Mrs. Durkee for her.

"It was a woman's face that little Marion saw looking in upon her, and there is a woman who has a grievance against me and has threatened me with revenge."

Lillian tightened her grasp upon my hand, and I knew the understood my unexpressed championship.

"A woman threatened you? How perfectly thrilling! When? Where? You must tell me about it!"

It was in a quandary, I did not feel like relating Mr. Savarin's private affairs to Mrs. Durkee, and yet this thing had happened while she was my guest, and I had to give her some explanation. I was castles in the air, enough to wish to tell her just as little as possible, for while I had mentally

Whatever the solution, she didn't display any particular resentment at our laughter. In fact she laughed merrily with us.

"You'll see," she said, pointing prettily and pointing a dainty forefinger at Dicky. "You laugh at me now, but you'll find out that I'm right."

She turned to Lillian, and there was a little gleam in her eye that warned me to look out for the little athlete thrust, which the women of Mrs. Durkee's dignity, child-like, wholly feminine people know so well how to give. "But where is your little daughter all this time?" she asked sweetly.

CARIS BEDTIME STORY

By Howard R. Garis

One morning, when the snow flakes were falling all about in Wisconsin, near the Orange Ice Mountains where the Animal Folk lived, there came a knock at the door of the hollow stump bungalow where Uncle Wiggly Longears, the bunny rabbit gentleman, had his home with Nurse Jane Fuzzy Wuzzy, the muskrat lady.

"Wake up, that is some one coming to breakfast," spoke Nurse Jane, for it was early and Uncle Wiggly was just finishing his last cup of carrot coffee. "Well, invite them in," said the bunny. "That is, unless it is the skitter-squitter alligator, with humps on the tail, or the snoring dragon, or the lispewah, or some one like that."

"It's Billie and Johnnie Bushyart, the squirrel boys," said Nurse Jane, as she looked from a window.

"Oh, let them in, by all means," cried Uncle Wiggly, in his most jolly voice. "If you please," said Johnnie, as he creaked a noisy note in his strong teeth, "we don't want to come in. You come on out and play with us, Uncle Wiggly."

"It's snowing dandy!" chattered Billie. "Can't you make us another snow house, or a snow fort or something like that?"

"How would you like me to make you a snow man?" asked the bunny rabbit gentleman.

"Oh, fine!" cried Johnnie and Billie together, just like twins, only they weren't, of course.

"All right," said good old Uncle Wiggly. "I'll come out and make you a snow man."

Soon the old rabbit gentleman and the two squirrel boys were frisking about in the snow, the bunny rabbit with the flakes, and also rolling up big snow balls, for that is the way you start to make a snow man, you know. You roll one big ball for the snow man's body, and a smaller ball for his head, and then you make two long pieces of snow, like breakfast rolls, for the snow man's legs.

Now how do you make the snow man's eyes and nose and mouth? asked Johnnie.

"I'll take two pieces of black coal from my cellar for the eyes," said Uncle Wiggly. "You may go and get them, Billie. As for his mouth, I'll make that with a piece of red flannel, so he will have red lips and a red tongue. You may go ask Nurse Jane for them, Johnnie. After the snow man is made, a little lump of snow and fasten it on the snow man's face right between his eyes, in the place where a nose always goes."

Johnnie got the pieces of red flannel for the mouth, and Billie got the two pieces of black coal for his eyes and made the snow man's mouth and eyes. Uncle Wiggly took the snow man's head and put that on the snow man's body, and then he took the two pieces of his red, white and blue muskrat crutch, and gave that to the snow man's eyes and nose, and he looked as real as anything.

"Oh, he's just fine!" cried Billie. "I could just make make snow win him," chattered Johnnie. "I wonder if a snow man can get hungry, Uncle Wiggly?" the little furry chap asked, anxious like.

"Well, I don't know about that," said Uncle Wiggly with a jolly laugh. "But I know a snow man's real enemy who are hungry, and if you'll come in my hollow stump bungalow, I'll have Nurse Jane get you some delicious cookies."

"But we didn't ask for 'em, did we, Uncle Wiggly?" Mother said we weren't to ask for anything to eat, and we didn't, did we?"

Then, indeed, laughed the bunny. "Two more of the two squirrel boys in the hollow stump bungalow, and Nurse Jane gave them some delicious cookies. And, while they were looking out of the window, they saw the bad old red-tailed fox come crawling softly in the yard."

"Oh, look, Uncle Wiggly!" cried Billie. "Will he hurt us?"

"No, before the rabbit gentleman could answer, the fox gave one look at the great big white snow man, with his eyes as black as coal and his lips and tongue as red as flannel, and the fox just tucked his tail between his legs and ran away, howling."

"Oh, I'll be good! I'll be good! Don't throw any snow balls at me, Mr. Man!" You see, Uncle Wiggly had made the snow man so natural that the fox thought it was real, and ran away, so once again everything came out all right. Snow teaching us that it is a good thing to eat molasses cookies, and if the gold fish doesn't whistle in its sleep and wake up the apple dumpling, I'll tell you next about Uncle Wiggly's hat shampoo.

MEMORIAL PLANNED FOR U. C. HEROES

BERKELEY, Feb. 17.—After years of effort the University of California may at last secure a Student Union building as a memorial to its heroes who have fallen in battle.

A movement to secure the proposed building for the campus has been started this semester by students and alumni. The suggestion has been made by Homer Stevens, Oakland secretary, that the proposed Student Union be made a memorial to the college men who have given their lives for democracy. Endeavoring to have the plan have reached the campus from many sources and a probable memorial of lasting character may be the result.

F. F. Hargreaves, president of the associated students, this week named a committee of students prominent in campus activities to direct a campaign for the proposed structure. As one of the last acts of his presidency Mr. Hargreaves is lending his entire support to the plan.

"The Student Union is one of our foremost needs," Mr. Wheeler said today. "As far as the students themselves are concerned it is clearly very formal. The demand for such a building is greatly enhanced by the relatively large day attendance. Students residing around the bay need a general rendezvous where they may have locker space, where they may get their noon-day meals, where the reading rooms of the university are often used by students who really want the club-room and restaurant of the student body. There is no building on the campus dedicated and assigned to outright student uses."

Congress to Probe "Army Inefficiency"

WASHINGTON, Feb. 17.—Charges that German aeroplanes dominated the air and that American artillery fell so short in the battle of the Argonne that it cost the lives of our troops were reiterated today by Governor Henry Allen of Kansas before the House rules committee. He elaborated the story with details and charged that there was "general inefficiency" in the army organization of supply in the American expeditionary forces. He was urging the committee to adopt a special rule on the resolution of Representative Campbell of Kansas for a congressional investigation.

"You may be assured," Chairman Pott told the governor, "that this matter will be placed under investigation. Your statement is the forerunner of a congressional inquiry that is sure to come."

"Everything over there fell down except the raw man power," said Governor Allen. "If it was necessary to fight artillery with infantry arms the Americans did it. The shortage of airplanes belongs to the mystery of the aircraft service. A French officer said if they would fight like that their army would have been wiped out the first year."

Snappy New York Features Added to 'The Clothes Line'

These three maids will take part in the Treble Clef Society comic opera, "The Clothes Line." Beatrice Lee is the young woman with the intriguing finger and smiling over her fan is Ruth Kenworthy.

TRIBUNE BUREAU
2011 SHATTUCK AVE.

BERKELEY, Feb. 17.—Just how much of Broadway, New York, can be transported to the academic environment of the University of California without offending campus tradition?

That's what college authorities are attempting to decide in the rehearsal for "The Clothes Line," a comic opera to be presented at the Oakland Auditorium Theatre on the evening of Thursday, March 13, by the Treble Clef Society of the University of California.

Returning from New York last week after studying metropolitan productions William S. Rainey, well known University of California graduate with the class of 1916, created a furore in campus circles by holding all preparations for the production of "The Clothes Line" and introducing new features favoring of the "girl" shows of Broadway.

Rainey, who was a well known figure in campus dramatics of "Jazz" features for the performance which are now undergoing rehearsal.

A clever satire on modern woman's love for clothes, "The Clothes Line" will give opportunity for the staging of a bewitching fashion show with a view of the most attractive models on the campus as models. Attractive choruses will add to the interest of the performance, a large group of both men and women students to participate in this feature of the performance.

Miss Ruth Kenworthy, one of the most talented of the campus stars, will be cast in the leading role, that of Nan Kern, a clever young mannikin who uses her wiles to seduce her peers as a countess at a fashionable summer resort, while playing opposite her in Lloyd C. Whaley, in other leading roles are Miss Maude Ellis, who plays a delightful ingenue part, and Miss Beatrice Lee.

The complete cast for the play is as follows: Nan Kern, Ruth Kenworthy; Barbara Jenkins, Maude Ellis; Mattie Green, Ruth Le Hane; Sadie Colin, Mildred Murphy; Mrs. Hawkins, Mildred Estabrook; Mrs. Schenckworth, Elmore Dwyer; George, Clarence Smith; Geraldine, Lorraine Mellon; Mignon, Beatrice Lee; Miss Gregory, Faith Boardman; Constance Linn, Maude Atkinson; Dick Hawkins, Lloyd C. Whaley; Bertie Laughland, C. J. Burnham Jr.; Obadiah Hawkins, S. J. Mering; Reuben, A. M. Brown Jr.; Nickham, R. W. Hunt.

Gave Wife Property; Got Beating, Charge

SAN FRANCISCO, Feb. 17.—After Robert F. Andrews had decided all community property over to his wife, according to his suit for divorce filed today, Mrs. Andrews struck him in the mouth, threatened to shoot him and told his employers that he was stealing from them, Andrews alleges today.

THE GREAT INTERROGATION?

How do they do it, when prices soar, and men's suits are so high. Go to the right place, Cherry's, see their well-tailored and nifty suits and you'll see how they do it, for the prices are reasonable and liberal credit terms are given. 528 13th street. The women's store is at 515 13th street.—Advertisement.

Stolen Truckload of Beans Is Traced

Ten thousand pounds of beans at 10 cents a pound, standing on a truck in the public street, with no one around to watch, was too much. Whoever it was that came along after the owner had disappeared inside and left it there just couldn't resist the temptation. He climbed up on the truck and started southwest.

The fortune in beans was discovered in Stockton yesterday afternoon. The truck started toward Oakland, and soon all the sheriffs in the country side were after it. Sheriff Frank Barnett was the first to discover a trace of it. He traced it to the Creek route ferry and sent word to the San Francisco police, who found the truck in the Ferry Garage at 22 Washington street. The beans had left it there at 4 o'clock and disappeared. The police are waiting for them to come back.

Charges Dismissed, Girl to Take Action

SAN FRANCISCO, Feb. 17.—Charges of attempted murder brought against Miss Katherine Banks were dismissed today when the jury, after a long deliberation, refused to prosecute. The case had been called in Judge Brady's court.

Miss Banks, upon leaving the courtroom, went to the bond and warrant clerk's office and started action against Levy. She declared he had slandered her and wanted him placed under bonds to keep the peace.

CAMP LEWIS BASKETBALLERS MAKE LOCAL DEBUT TONIGHT

Two Boxing Shows Here and One in San Francisco Will Cater to the Fans This Week

Three Main Events at Auditorium Wednesday; Duffy vs. Azevedo on Saturday's Card

By BOB SHAND.

Fistic festivities are piling upon the sporting calendar and the fans will surely get their fill of the game of biff within the next five days. Boxing is getting to be a major sport around these parts and if the promoters step cautiously and quit scrapping among themselves California will again be the scene of some real boxing.

There are three real good shows on this week's program. Wednesday night at the auditorium Tommy Simpson will start the ball rolling with three stellar attractions as follows: Frank Barrieau vs. Sailor Frank Haynie; Jimmy Duffy vs. Chris George; Eddie Mahoney vs. Young Azevedo. Friday night Benny Leonard, lightweight champion of the world, will meet one of his predecessors in Will Aichele.

They clash at the San Francisco Civic Auditorium. The following afternoon, Washington's birthday, Jimmy Rohan and Mel Moffitt will offer a double main event at the local Auditorium. Friday night, the local boxing fans will be one-half of the double bill and Joe Azevedo of Sacramento and Jimmy Duffy of Watts-Clark will be the other half.

HIGH-CLASS BOXING. The fans who witness these three shows will see some high class boxing of a kind that has not been seen here in some time and the old-timers will find it a real treat when the 20-round law went out of business are getting ready to again take an interest in the sport. And to round out the program, the promoters will offer Willie Moeban and Sam Langford at the Coliseum, San Francisco, one week from tomorrow night.

The Leonard-Ritchie affair, of course, is the biggest feature of the week but it is so much that these boys will provide as much excitement as the local Tommy Simpson signed up for Wednesday evening. Duffy and Azevedo will exhibit some fancy boxing but there will not likely be the action in their fight that there will be in the second round of the Azevedo match.

Young Azevedo will meet Jimmy Dundee in the Saturday show at the Auditorium. Dundee boxes Weldon Wink at Vernon tomorrow night. Dundee has been back here for the Azevedo match and he will be four good preliminaries.

Freeman Jim Flynn will not get in until before the transportation is wired Saturday night and he replied that he would be on the job Tuesday night. Flynn is a local fighter and he will be a good one to watch in his training quarters for him.

Bill Lurie is taking this match seriously. When called on the phone at 9 o'clock last night the boy was in bed. Yesterday Bill worked out with Frank Barrieau at the gymnasium and the boys who saw the exhibition are willing to wager on the deputy county clerk.

Lurie says he never took a fight seriously until he met Barrieau. He showed the fans that he is a regular scrapper. Bill has posted an appearance forfeit to show his good faith. He is sure to win this fight.

Battling Ortega is working out daily at Wilson's place. His fight with Krusky, scheduled for Dreamland next Friday, has been called off by the boys. Ortega is a local fighter and he will be a good one to watch in his training quarters for him.

Soldier Barfield may be here for a fight with the Batter next week. Tommy Simpson has sent an offer to the military boxer.

Mike McGuire, according to Simpson, is a huge joke. He does not look like a fighter and he has no chance of winning. The Batter will be a good one to watch in his training quarters for him.

Eddie Gordon is an unassuming little guy, but this is no reason why his name should not appear more frequently on local cards. He is a local fighter and he will be a good one to watch in his training quarters for him.

Ken Lilly caused a little excitement in the boxing section of the fair last night when one of the boys went wild and lit in the balcony. No damage occurred.

Stanford made use of the rules to take time out for three two-minute periods during the game. The boys were within the rules and their privilege, it failed to meet with the approval of the fans, who stormed over the delays.

Umpire Harris was right on the job and once he caught the Stanford boys, coaching from the side lines. A technical foul was given to Captain Righter, but California missed good.

Court Majors football instinct got the better of him at one time during the game and he charged down the court carrying the ball. On another occasion he was in the line of play and he made a flying tackle and fell on the ball. He was all right and played a great game.

Coach Billy Hollander knew what he was talking about when he said that the Stanford boys were a real team. He was not wrong in anything that he said. The Stanford boys were a real team and they played a great game.

California can use another good forward who can shoot baskets. Saturday night Hollander used Dan McGee, a forward who can shoot baskets. He was a real forward and he played a great game.

The second half saw H. Symes in place of Goodrich in the California line-up. Symes is a real forward and he played a great game. He was a real forward and he played a great game.

The Stanford boys were a real team and they played a great game. They were a real team and they played a great game. They were a real team and they played a great game.

ROP OUTLOOK

NEVER BETTER,
SAY FARMER

crops of all kinds in Alameda county have been greatly benefited by the rains, according to reports from farming belts, and farmers are highly pleased over the prospect of a successful season. Seeding has been done on a scale of a much larger scale than usual, and farmers say that the growing crop is well up to the mark. Several indicators point to a successful season. The heavy frost of the fall has resulted, according to growers, who say that the late rains are very favorable to the raising of a luxuriant crop of all kinds of vegetables. The growth of all kinds of crops in the fall has been much more successful than heretofore and vegetables are coming in much earlier than usual. Alhambra has already begun to reach the market from the domestic local peas, asparagus, and other vegetables. The crop of Alhambra will be in the market in the next two weeks. Other vegetables will follow at short intervals, and consumers may expect a large variety of new vegetables in the future. Favorable weather conditions is a decline on the price of vegetables in the market of the state, which has furnished the local market with the bulk of the vegetables. When the weather again becomes warm and further seeding will be started. There is still a large acreage of land in the state that is not yet when the ground dries out and is ready to permit cultivation. Farmers are of the opinion that conditions have never been more conducive to successful farming.

TRUCK HITS STREETCAR; ONE IS DEAD

Death stalked Clement Lemos on Saturday night as he journeyed from Santa Clara to San Jose on the open suburban street car. Today his parents Mr. and Mrs. F. L. Lemos of Hayward, prominently known in this city, mourn the death of their only son, an 18-year-old student in the Santa Clara University.

Lemos left the college on Saturday night to go to San Jose. He boarded an open car and took a seat on the dummy. Crossing Fremont street a heavy auto truck driven by James Hall crashed into the moving car and young Lemos was knocked off, sustaining injuries in the fall. An ambulance was hurried to the scene and the youth removed to the O'Connor sanitarium. It was not thought the injuries were serious.

Young Lemos is the only child. Last night as a result of injuries received when the truck crashed into the street car upon which he was riding, Hall has been arrested.

Young Lemos is a brilliant student in the Santa Clara college. His father is widely known throughout Alameda county.

Soldier Boy and Young Girl Elope Army Togs Left; Pa's Suit Is Taken

Eddie Harris, recently discharged from the army, doffed his soldier clothes last night and put on a suit of civilian belonging to O. G. Ross, 3331 Market street in the Piedmont district, whose daughters he was visiting. Then, charges Ross, Harris ran away with pretty little Marie, his 15-year-old daughter.

When the elder Rosses, who were out for the evening, returned they say they found their daughter missing and a pair of legless breeches and blouse, which they easily recognized as belonging to Harris, as the tell-tale evidence of what had happened.

Today the police of Oakland, San Francisco, San Jose, Alameda, Marin and Contra Costa counties were put on the trail of the eloping pair by Ross, who is a Piedmont grocer, in an effort to forestall a marriage. Late today no trace of them had been found.

BROKEN NOSE FIGURES.

A girl's broken nose and the surgical skill of a soldier who knew how to fix it formed the groundwork of the romance that resulted in the elopement last night. Harris was attached to the Letterman general hospital at San Francisco. His home was next door to Marie's. When she broke her nose in an automobile accident, several months ago Harris' sympathetic ministrations helped it to get well again.

Ross told the police today that he not only missed his best girl business suit, but \$20 as well. He said he thought to be easily identified, says Ross. His prospective father-in-law's suit which he took in exchange for his army uniform

is a tight fit. The robust soldier boy physique that he acquired in the army protrudes protestingly from that spare suit of "civies," according to the description the police have.

Young Harris was 23 years old and worked for a candy company on Broadway. He had for some time been on friendly terms with Marie. But the parents never suspected that it was anything more than a friendship. Although he called at the house frequently Marie had never been permitted to go out with him and there was nothing in her manner that caused the parents to suspect it made any great difference with her.

COUPLE LEFT AT HOME.

Last night Harris called as usual. The old folks and several of the younger children went down town to see a show. Eddie and Marie were left at home.

Harris is described as 5 feet 7 inches tall and about 140 pounds in weight. His left hand was bandaged. He had a light complexion. The suit he wore was gray. He went forth in his army hat.

Miss Marie is fair, has blue eyes, weighs about 120 pounds and is 5 feet 4 inches tall. She wore a chic small purple hat. Her dress was of light brown pongee with green trimmings. She took with her both a rain coat and a heavy coat. The heavy coat is blue.

Last year Marie was graduated from the grammar school. This year she started in at high school, but her studies were interrupted by the influenza. Her parents had just arranged for her entrance into business college.

Vice-Admiral Wilson Returning Home Ill

WASHINGTON, Feb. 17.—Vice-Admiral Henry B. Wilson, who has been critically ill of pneumonia, following an attack of influenza, is returning to America on his flagship, the New Mexico, it was announced at the navy department today. The New Mexico is escorting the George Washington, upon which President Wilson is making his return trip.

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Chamberlain's Cough Remedy. Get a small bottle of Chamberlain's at any drug store for a few cents and save your hair. After several applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.—Advertisement.

Children's Colds.

Every parent can add to the health of the community and his or her peace of mind by guarding against coughs and colds. When your child has sniffles or watery eyes don't hesitate to take him from school for a day or two so that you may break up the cold he has contracted. You are perfectly safe in giving Chamberlain's Cough Remedy to your children as it contains no opium or other narcotic. It acts on nature's plan, loosens the cough, aids expectoration, relieves the lungs and opens the secretions, helping the system to throw off the cold. For sale by Osgood Bros. Drug Co.—Advertisement.

TAFT PROPOSED AS HEAD OF U. S. WIFE CAN'T TELL ON SPOUSE, PLEA

William Howard Taft, former President of the United States, was suggested today as a possible successor to Benjamin H. Wheeler, who has resigned as head of the University of California. Victor H. Metcalf of Oakland, former secretary of the navy, is responsible for the suggestion.

"I have merely suggested the name of Mr. Taft," said Metcalf today. "He would undoubtedly be the ideal man and it would be a great honor to the state should he accept the position. It would hardly be my place to mention the subject to Mr. Taft and I shall not do so. I have not even taken it up with any of the regents. But it is a suggestion that it may be worth while for the university authorities to get upon."

The idea is said to be entertained with favor by members of the board of regents. Garrett W. McEnerny is quoted as saying that the chief difficulty would be the question, "Will he take it?"

Parr Terminal Lease Before Committees

The new lease of the Parr Terminal Company on the Oakland waterfront was the subject of a joint meeting of the laws and legislative committees of the Oakland Chamber of Commerce at the Hotel Oakland this noon.

NOTABLES AT S.F. CONGRESS TO BE FETED

SAN FRANCISCO, Feb. 17.—Plans stand announced today for the Pacific Coast Congress for a League of Nations, which is to be opened by some of the nation's leading statesmen and educators at the Exposition auditorium Wednesday. By proclamation of Governor William D. Stephens this is League of Nations' Day.

The delegation to the congress here is headed by former President Woodrow Wilson, and includes Dr. A. Lawrence Lowell, president of Harvard University; Henry Morgenthau, former minister to Turkey; Dr. Henry Van Dyke, former minister to the Netherlands; and Mrs. Philip North Moore, president of the National Council of Women.

A public reception and a military escort to the Palace Hotel, which is to be the headquarters of the Congress, will signalize the arrival of the delegates here Wednesday morning. Mayor Ralph and Charles C. Moore, chairman of the congress, will head the reception committee at the Ferry building.

MANY SOCIAL EVENTS.

Social events arranged on behalf of some of the distinguished visitors include a luncheon at the Fairmont Thursday in honor of Mrs. Philip North Moore, given by the City Federation of Women's Clubs; an Advertising Rotary luncheon at the Hotel Oakland; and the Clubs joint luncheon in honor of Taft at the St. Francis Hotel, Wednesday; a dinner to Taft by the Harvard and Yale Clubs at the Fairmont Wednesday night; a luncheon to Taft by the San Francisco Club at the St. Francis Thursday; a Commercial Club dinner to the delegates Thursday night.

Perhaps the biggest meeting of the congress will be held Thursday night, Taft, Mrs. Moore and Senator James G. Quinn are to be the principal speakers at a mass meeting at which labor problems are to be considered. Governor Stephens is to speak at the session Wednesday night. Governors Emmett D. Boyle of Nevada and Thomas S. Lister of Oregon are to be visitors during the conference.

ATTENDANCE TO BE LARGE.

From the administrative office of the congress a plea went out today urging upon all visitors the necessity for registering at the placement bureau in the afternoon session, which Taft will open not only to give delegates their status as such but to arrange for hotel accommodations, which are hard to secure now.

President Taft and other delegates are due to arrive at the Ferry Building at 10:30 a. m. A police escort, 150 soldiers and a detachment of sailors with four bands, will participate in the march up Market street. The delegates will get right down to business. There is to be a forenoon session, which Taft will open. In the schools of California today exercises are being carried out in commemoration of the proposed League of Nations plan.

WOMEN INTERESTED.

Women of the district are taking a particular interest in the arrival of Mrs. Philip North Moore. As president of the National Council of Women she is the recognized leader in all movements that interest women of the United States. At least 500 women are expected to attend the luncheon that is to be given in her honor at the Fairmont Hotel Thursday. This luncheon is under the direction of Dr. Cora Cutler, president of the City Federation of Women's Clubs. Women of the Eastbay district are taking an especial interest in the event and are planning to send a large delegation.

"It is up to the women of Oakland and San Francisco to provide a royal welcome for Mrs. Moore," said Dr. Cutler yesterday. "She is known personally to many prominent women here. Her club activities have endeared her not only to her friends here but to the women all over the country. The women here make this luncheon one of the most successful ever held. We shall expect at least 500 guests."

French Mission to Bring Five Fast Aeroplanes Here

Some time next month the bay district will see five of the fastest aeroplanes turned out by France demonstrate the degree of efficiency French machines have attained. On March 8 an aviation mission will leave Paris for the United States. One of the planes the mission will bring along is fitted with a closed cabin for the use of the Americans who have been invited to accompany the mission. Five noted French aces will act as pilots.

The itinerary of the mission covers New York, San Francisco, Los Angeles and New Orleans, with a return to New York, the various stages being covered by air.

The mission will take with it a collection of paintings and photographs illustrating air episodes of the war. These pictures will be put on exhibition.

TRIBUTE PAID TO HEROES OF MAINE

"Twenty-one years ago on St. Valentine's day the Maine was blown up and the time the United States departed from its former policy of isolation and assumed its place as one of the leaders of the world," declared Attorney Phil Carey, delivering an oration yesterday afternoon at the Maine memorial plot, in honor of the victims of that disaster.

"The boys who have fought at Chateau-Thierry were in the cradle of the Maine, but are the men upon whom the nation depended in this last war for their victory," he said. "One of the results of the Spanish war was to drive from the islands of the Pacific the influence of Spain. One of the results of the present war is to drive from the world all autocratic power."

As the orator of the day Carey paid an eloquent tribute to former President McKinley, making a striking comparison between him and President Wilson. He said:

"McKinley did what he could to lead the nation up to the blowing up of the Maine was the signal to stir the patriotism of the people and the war party in Congress to such strength that no longer was it possible to continue a policy of peace. President Wilson endeavored to keep out of war and could not. He himself said, 'It is a terrible thing to lead a great nation in war, but it is a more terrible thing to stand by and see its principles its honor its justice its integrity its security its peace its Spanish-American War Veterans, E. H. Liscum Camp, No. 7, arranged the exercises in Lakeside Park. Department Chaplain G. A. Marshall pronounced the invocation. Department Commander M. A. Nathan acted as master of ceremonies. Remarks were made by Commander M. W. Sallar.

Members of the ladies' auxiliaries of the Spanish-American War Veterans decorated the monuments following the impressive program.

Swift & Co. to Take Back Service Men

Old jobs for men returned from national service, with prevailing rates of pay, is the rule which is rapidly bringing back former employees of Swift & Co. The work of reinstating men has been given a flying start as the result of the announcement made by Louis F. Swift, president of the company, that all of the 134 men who answered the call to arms during their old jobs waiting for them as soon as they are ready to resume work after receiving their discharge.

Several hundred men have already been reinstated. Edward M. Sloan, a cattle buyer at the Chicago stockyards is one of a number of employees awaiting by his fellow workers. Sloan was one of the "Devil Dogs" that held the line at bay at Belleau Wood last June. In the fighting there he lost part of one hand and was wounded in the leg.

"Sandwich" Burglar Escapes With \$2500

A burglar who likes to eat while he works is being sought by the police today as the result of the queer robbery of the home of Mrs. Wallace Everson, 1533 Filbert street. The thief while eating sandwiches and other food obtained from the Everson ice-box, which he evidently consumed in leisurely fashion as he looked over the valuables.

The thief made his entrance by "jimmying" a rear window, after the manner of several other recent Oakland burglaries which the police say may have been the work of the same thief. According to Mrs. Everson, the door stolen in her home was worth about \$2500. The work was done yesterday afternoon while the family was away for the day, and was discovered early this morning.

South Proves Up on Porta's Predictions

Los Angeles today cast wrathful glances in the direction of Prof. A. P. Porta. The TRIBUNE'S weather and seismic expert. The earthquake which visited Los Angeles and vicinity yesterday. The shocks were heaviest at Venice. No serious damage was reported.

Professor Porta predicted a third period of quakes from February 17 to 21, due to the oppositions of Mercury with Neptune.

Sleeper Loses Bank Roll from His Sock

Jacinto Saville, 231 Market street, Oakland, met two men at Columbus avenue and Broadway, San Francisco, early Sunday morning. With them he entered a barber shop at 1363 Grant avenue and sat down in the barber's chair where he slept for an hour and a half. When he awoke \$60 of a roll containing \$70, which he had concealed in his sock, was missing.

STATE ROADS TO SUPPLY EMPLOYMENT

Immediate construction of almost 100 miles of hard surfaced roads in California will be undertaken as a means of relieving the unemployment situation, it was intimated today when the United States department of labor urged the states to take this action.

Although \$45,000,000 of government funds is available to assist in the work, only forty-five miles of roads have been completed under the government plan of the government, state and county sharing in the cost. About \$200,000,000 more soon will be appropriated, it is expected.

The government has approved 766 road building projects, totaling 7369 miles, and it is this work that the department is anxious to start at once.

Only eight states have completed roads under the government plan, although it has been in force since 1917. Arkansas has built five miles, California seven, Louisiana four, Massachusetts fourteen, North Carolina eight, Vermont one, Washington four and West Virginia two.

Texas, with seventy projects totaling 993 miles, leads in the number approved by the government. Others have obtained government approval for the following mileage, the federal government to be paid for the money for the work being immediately available:

Arizona, 73; California, 97; Idaho, 156; Montana, 86; Nevada, 131; New Mexico, 214; Oregon, 136; Utah, 237; Washington, 76.

Unless deputy sheriffs are riding on trains they will have to confine them to the \$1 dinners or pay the difference. The department has regulations read to them by the Board of Supervisors. On trains they may indulge their appetites to the extent of \$1.25, but generally speaking, while touring the country in quest of justice they will have to maintain their fighting strength at a dollar-a-dinner limit. Breakfast may also cost \$1, per meal the deputy to indulge himself by at least one egg, but if he economizes on his breakfast and gets by for 50 cents, he cannot put down a charge for \$1.50 for dinner that night.

The matter came up to the supervisors in connection with the expense account of the sheriff's office, when supervisors made the observation that sometimes the deputies stop at hotels that only high-class burglars can afford to patronize.

Girl Unwittingly Joins Three Bandits

SAN FRANCISCO, Feb. 17.—When 18-year-old Eleanor Foley of Daly City became a jitney passenger she unwittingly joined three bandits who forced her to look on while they robbed a postmistress and to accompany them when they fled. The three assaulted and robbed Antonio Funke, a carpenter, yesterday and were captured after the police had chased them to Menlo Park in the Mission district. After Miss Foley had told her story at the city prison she was permitted to go. The three men gave their names as Edward Wilson, 19 years, 35 Bay street, Theodora, 18 years, 974 Hill street, and James Tierney, 21 years, 965 Michigan street. Wilson has confessed, according to the police.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing hollows and angles with rounded, plump lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by The Orlin Drug Company in Oakland and most all druggists under a guarantee of satisfaction or money back. By adding the bitro-phosphate and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a well come transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and the cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness it should not, owing to its remarkable blood-purifying properties, be used by anyone who does not desire to put on flesh.—Advertisement.

GAMBLER TAKES HIS OWN LIFE TO AVERT TONG WAR

Stockton Highbinder Who Cheated Decides to Commit Suicide, and Clash That S.F. Police Expected Is Now Off

SAN FRANCISCO, Feb. 17.—In order to avert a tong war, imminent because of his deed, and hearing that only his death would prevent a feud that might cause the death of many others, Sing Yet, a Suez Sing highbinder from Stockton, early today ended his own life. That he might remove himself, the source of trouble, and avert trouble for his friends, the Chinese acted as his own executioner, and today the tong war, that the police were expecting and waiting for, is "off."

The high councils of the Suez Sings and Bing Kongs were in session, discussing the threatened outbreak, when news came that the man whose gambling trick had started the trouble had chosen death rather than be the cause of many other deaths.

It was a trick with a domino which Sing Yet had mastered that sent him to his doom. He went into a Bing Kong gambling joint recently and by turning a certain domino repeatedly won \$700.

With this sum he continued on down the line to play such other games as fan tan and taro and lost it all.

The Bing Kongs discovered that Sing Yet had tricked them, that it was not chance but cunning which he had taken from them the \$700. They demanded \$700 from the Suez Sings, to which Sing Yet belonged. The refusal of the Suez Sings to pay brought the matter to the verge of war.

Last night there were simultaneous meetings in Stockton and San Francisco. Neither tong would yield. Then came the news that Sing Yet had paid—not the \$700 but with his life. War had been averted.

At the same time a long feud between the Hep Sings and the Sen Suez Sing tongs was being settled on an indemnity basis of nearly \$15,000.

The Hep Sings are reported by Detective Richards to have agreed to pay the Sen Suez Sings \$500 a head for twenty-six fighting men, or a total of \$14,560.

This war has been waged throughout the Pacific Coast and found its way back to a province in China. Not more than twenty men have lost their lives.

POSTERS FOR MARDI GRAS ARE STOLEN

Tragedy has fallen upon the Artists' Ball committee. Where yesterday there were radiant smiles at the zip with which the Mardi Gras was going, last night there were sighs—and more sighs.

Two posters—two of the most eloquent submitted to the committee in the competition for the prizes, are missing—Harold Von Schmidt's and Maynard Dixon's. Moreover, the cartoon of Porter Garnett, done at the cartoon party in La Boheme in the Hotel Oakland on Thursday night, has gone with them.

Who took them? Dr. William S. Porter, president of the Art Association, wants to know. He wants to know so badly that he has offered a reward for information of them.

CARTOON ALSO.

Two of them—the Von Schmidt poster and Porter Garnett's cartoon—were stolen.

The Dixon theme is expressed in two figures hurrying to the ball, with the verve and snap that characterize the cowboy painter's figures. The drawings were shown on the night of the celebrated party, where at were gathered the painters, sculptors and literary folk from about the bay.

Then the doors of the Latin quarter (the deserted rooms of the Chamber of Commerce) were locked. But last night when members of the committee went up to look over the posters, two of the most distinctive of the lot were gone.

Did some rival for the prizes—\$100 and \$50—withdraw them? Did some ardent art student extract them for study? Did some "dingy" picture thief absorb them for contemplation? Unless they are reproduced by the artists, it looks very much as though they will not figure in the first competition before the jury.

INVENTOR DIES SUDDENLY.

PHILADELPHIA, Feb. 18.—Louis Edward Levy, inventor and scientist, died suddenly on the street here today. He was a pioneer in the engraving industry.

WHAT IS BETTER

Lives, including Chinese merchants of San Francisco. The Hep Sings are reputedly a rich tong.

VICTROLA

Brings the World's Best Music Into Any Home

University Hospital Girl Arrives in N. Y.

Miss Margaret Williams, only daughter of W. Williams, of 4134 Terrace street, was the only Californian besides Chief Yeoman Charles Nemets of San Francisco, to return to New York a few days after the transport Quila, which according to advices received in this city, Miss Williams had been more than a year in France, where she was engaged in Red Cross work at Claremont, Brest and Vichy. She is attached to Hospital No. 50, of the University of California.

TRY THIS FOR A COLD--IT'S FINE!

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours.

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and all passages in the head, stops nasty discharge, relieves running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, soothes, and causes no inconvenience. Be sure you get the genuine.—Advertisement.

Don't You Forget It! Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no poison or other dangerous element but strengthen the stomach and enable it to perform its functions naturally. For sale by Osgood Bros. Drug Co.—Advertisement.
